

Important information

Site reinstatement works –
extension

Leunig Place, Footscray

Ongoing to Friday 27 November 2026

VICTORIA'S BIG BUILD

Metro Tunnel Project site reinstatement works at the end of Leunig Place, Footscray will be ongoing until late November.

When we'll be working

We'll now be working to **Friday 27 November 2026**. Working hours are **Monday to Friday, 7am to 6pm and Saturday, 7am to 3pm**

The timing of work may change depending on weather.

What we'll be doing

Further to our previous notification in July 2026, works will continue within the site at the end of Leunig Place, Footscray to complete construction of a retaining wall, removal of a gravel ramp and to prepare the area to be returned as open green space.

These works include piling, use of jack hammer, excavators, hand tools and the removal of materials by trucks via local roads. These activities are expected to generate medium to high levels of noise, vibrations and dust.

There will be an increase in construction vehicles around Moore Street, Newell Street, Railway Place and Leunig Place.

The project has an approved exemption to travel through local truck ban zones for these works.
