

Important information

Service investigation and
tree stump removal works

Childers Street, South Kensington

Wednesday 1 April - Thursday 2 April 2026

VICTORIA'S BIG BUILD

Service investigation and tree stump removal works are being undertaken on Childers Street ahead of rail access point construction later this year.

When we'll be working

We'll be working on **Wednesday 1 April and Thursday 2 April 2026, 7am - 6pm.**

The timing of work may change depending on weather.

What we'll be doing

We will be undertaking service investigations as well as tree stump and soil removal works in the road reserve on the southern side of Childers Street, between Ormond Street and Tennyson Street.

This work involves the use of an excavator, a non-destructive digging (NDD) machine and hand tools. This work will generate medium levels of noise.

Shuttle flow arrangements will be in place at this section of Childers Street during working hours, with traffic management in place to assist. Four car parking spaces on the rail corridor side of Childers Street will be temporarily closed during these works.
