Day and night works in Bulleen

Works Notification
November 2026

What we'll be doing

Activities to support tunnelling works will take place 24 hours a day, seven days a week. During this time, we'll aim to minimise noise and light impacts away from your property as much as possible.

Where	Activity	What to expect
Bridge Street, Manningham, Bulleen and Templestowe Roads, Bulleen	– Continue tunnel ramp construction, including excavation and piling – Relocating underground and overhead services including pavement cutting and surface works – Monitoring boreholes to further investigate ground conditions – Pouring concrete during the day and night	– 24/7 works to support tunnelling activities – Additional trucks entering and exiting the worksites – Noise, vibration and dust from construction activities with continuous mitigations in place – Pedestrian detours around our worksites – Occasional odours from deep excavation works – Bridge Street closed to through traffic. Local access will be maintained for residents and businesses – Ongoing lane closures during the day and night along Bulleen Road, Manningham Road and Banksia Street
Manningham worksite - TBM retrieval box	– Continue base and ramp construction including excavation – Ongoing building works for the Motorway Control Centre – Operating a concrete plant on site – Operating a tower crane at night to support tunnelling works – Ongoing mined tunnelling works including tunnel waterproofing and concrete lining – Relocating underground and overhead services including pavement cutting and digging at surface – Monitoring boreholes to further investigate ground conditions	– 24/7 works to support tunnelling activities – Additional trucks entering and exiting the worksites – Noise, vibration, light and dust from construction activities with continuous mitigations in place
Bulleen Road – from Manningham worksite to Trinity Grammar School, Bulleen	– Relocating underground services including pavement cutting, drainage and surface works – Monitoring boreholes to further investigate ground conditions – Vegetation maintenance	– 24/7 works to support tunnelling activities – Noise, vibration and dust from construction activities with continuous mitigations in place – Pedestrian detours around our worksites – Lane closures during the day and night

Where	Activity	What to expect
Bulleen Road worksites - Trinity Grammar School, Marcellin College, Bulleen Park Oval, Carey Bulleen Sports Complex and Veneto Club, Bulleen	– Commencement of dismantling of Trinity North acoustic shed – Continue tunnel base and roof construction – Lifting and placing large precast beams and panels for the tunnel roof and ventilation structure – Ongoing tunnel fit out works, including tunnel waterproofing smoke duct installation – Demobilising the Trinity site shed – Relocating underground and overhead services including pavement cutting and digging at surface – Piling, constructing foundations and mobilising equipment for the Yarra Link Green Bridge – Overnight delivery of construction materials and oversize equipment – Drilling boreholes to further investigate ground conditions	– 24/7 works to support tunnelling activities – Trucks entering and exiting the worksites – Construction vehicles accessing Bulleen Park access road – Noise, vibration and dust from construction activities with continuous mitigations in place – Lane closures during the day and night

Oversize deliveries

We'll be delivering large pre-cast panel beams and Super-T beams that will form part of the southern ventilation structure and roof of the tunnel.

Deliveries will occur between 10pm and 5am Mondays to Fridays, with up to six deliveries each night.

Most deliveries will arrive from the Eastern Freeway and Bulleen Road before entering our work site off Bulleen Road near the Carey Sports Complex.

Managing construction impacts

Throughout our works, you may experience noise, light, dust, and vibration. We manage these impacts through real time monitoring, water carts and street sweepers, targeted lighting, and reducing noise and vibration within the construction zone.

You may notice workers on local streets capturing photos as part of our ongoing management of these impacts. We do this in conjunction with our modelling to ensure we have an accurate understanding of how these impacts may be felt in different areas. We will notify you before capturing any photos that include your property and we are happy to provide these photos upon request.

You may also see workers machinery in place, in and around construction areas, workers completing surveys in local streets and an increase of trucks removing dirt from our worksites.

To stay safe, please follow all instructions from signage and traffic controllers. We appreciate your patience and understanding throughout these works.

Upcoming disruptions across North East Link Program

Traffic disruptions are expected from Greensborough to the Eastern Freeway this November.

Upcoming disruptions include:

- Doncaster Road Ringwood-bound entry ramp closed until **mid-November**
- Greensborough Highway and Elder Street intersection changed traffic conditions from **Friday 6 November to Monday 9 November**
