

New ramp open from the M80 Ring Road to the Hume Freeway, Altona-bound

DECEMBER 2021/JANUARY 2022

M80 UPGRADE

SYDNEY ROAD TO EDGARS ROAD

We're upgrading the M80 Ring Road between Sydney Road and Edgars Road.

We'll add new lanes, upgrade key interchanges, install a smart freeway management system and build new on and off ramps to provide safer and more reliable journeys for motorists in Melbourne's north.

What we're doing and when

In November, we continued building the new entry and exit ramps at Edgars Road and opened the new ramp from the M80 Ring Road to the Hume Freeway, Altona-bound.

From mid-December, we'll also complete major works on the new elevated ramps at Edgars Road.

Throughout December and January, we'll continue:

- installing overhead signage structures between Sydney and Edgars roads
- building bridge protection barriers and installing permanent traffic barriers along the M80 Ring Road
- installing communication, lighting and power infrastructure, drainage and landscaping along the freeway.

We'll be working some weekends and nights to complete these works safely, and there will be changed traffic conditions in place during this time.

We'll have electronic signage in place to notify you about these changes ahead of time. If these works need to happen near you, we'll let you know in advance.

What to expect

Construction impacts

Our construction activities may generate low to medium levels of noise, dust and vibration at times. We'll have measures in place to minimise these impacts.

Traffic changes

There'll be ongoing lane, ramp and freeway closures, and reduced speed limits in place until construction is complete.

For more information about upcoming closures, please refer to the information on the following pages of this update.

M80 RING ROAD TRAFFIC DISRUPTIONS

Sydney Road Greensborough-bound entry ramp closure

We'll be closing the Sydney Road Greensborough-bound entry ramp for a full weekend from **9pm, Friday 10 December to 5am, Monday 13 December**.

During this time, we'll undertake pier protection works near the Kathryn Street overpass.

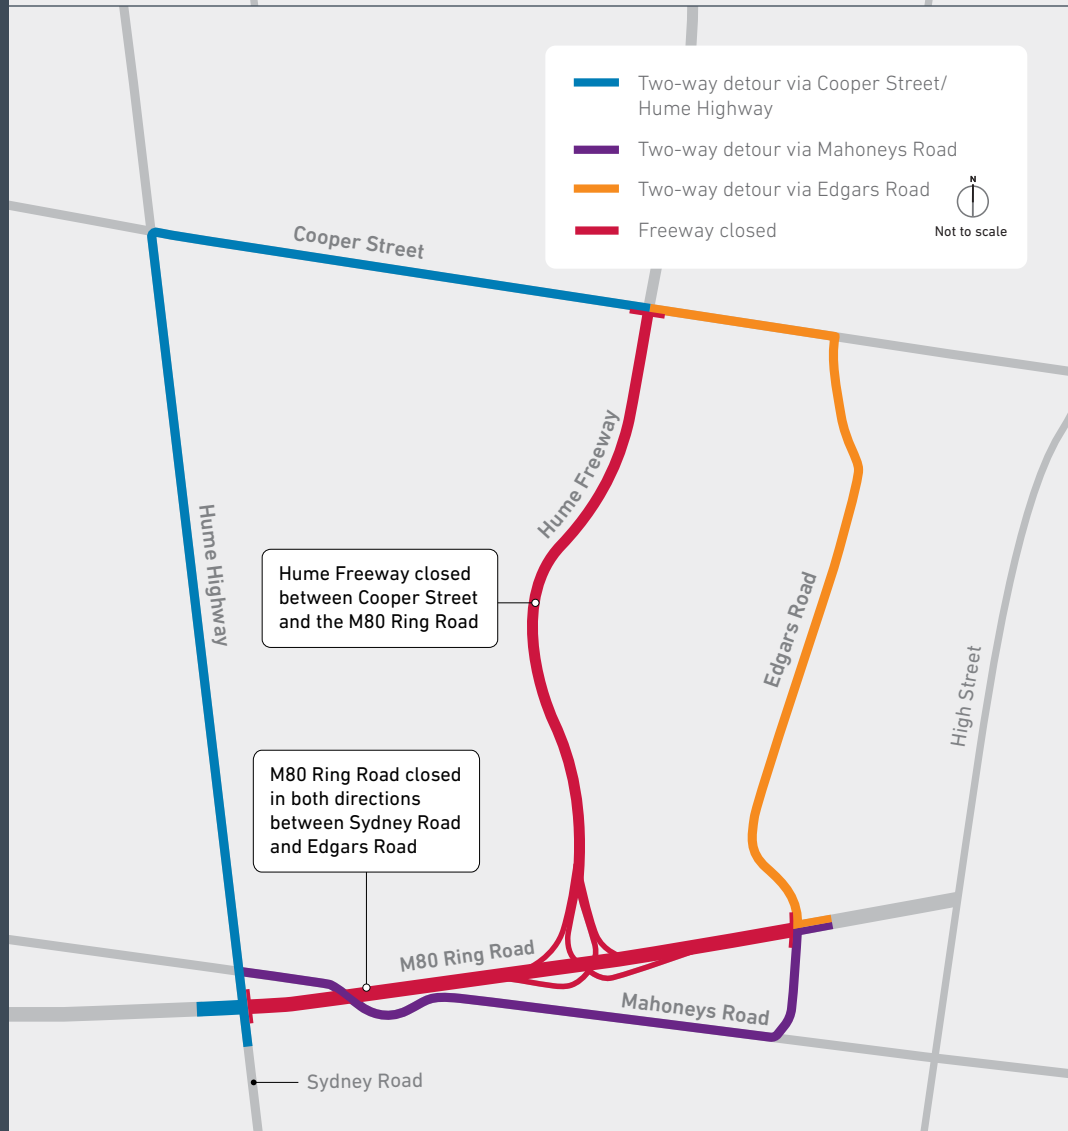

Detours will be in place via the Hume Highway and Cooper Street, and Mahoneys and Edgars roads during this time.

M80 Ring Road closure between Sydney Road and Edgars Road

We'll be closing the M80 Ring Road in both directions between Sydney Road and Edgars Road from **10pm, Saturday 11 December to 8am, Sunday 12 December** so we can install overhead signage structures. The Hume Freeway will also be closed between Cooper Street and the M80 Ring Road during this time.

Detours will be in place via Edgars Road, Mahoneys Road, Cooper Street and the Hume Highway.

CHANGES TO THE WAY YOU DRIVE ON THE M80 RING ROAD

M80 Ring Road Altona-bound changes

In **late November**, we opened the new Altona-bound ramp from the M80 Ring Road to the Hume Freeway. Drivers wanting to access the Hume Freeway from the M80 Ring Road (Altona-bound) can now exit earlier and drive beneath the new elevated ramp at Edgars Road.

From mid-December, we'll open the new elevated Edgars Road Altona-bound entry ramp. Drivers will be able to use the new entry ramp to access the M80 Ring Road and the Hume Freeway from Edgars Road.

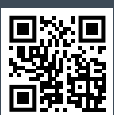

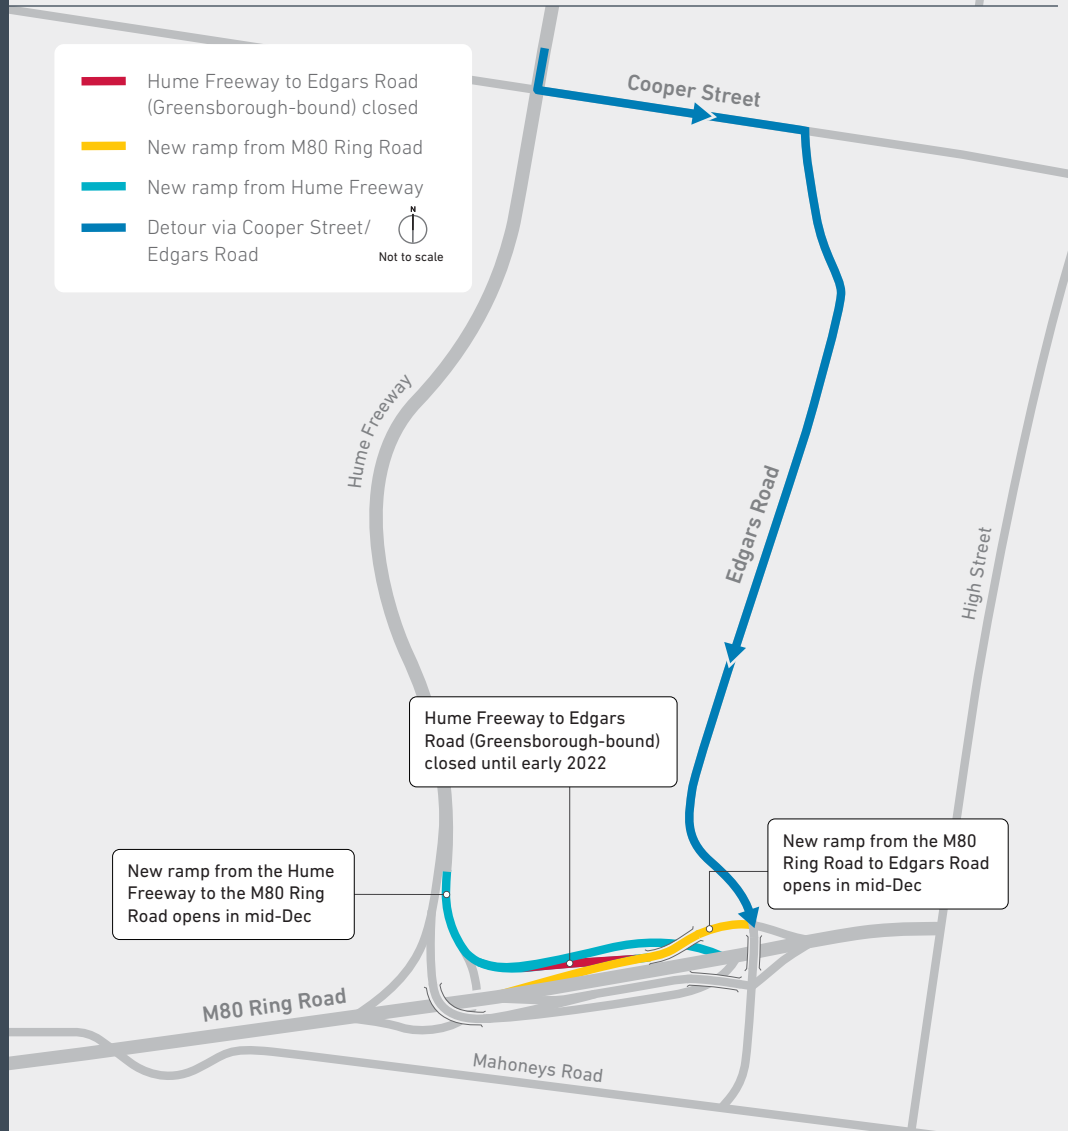

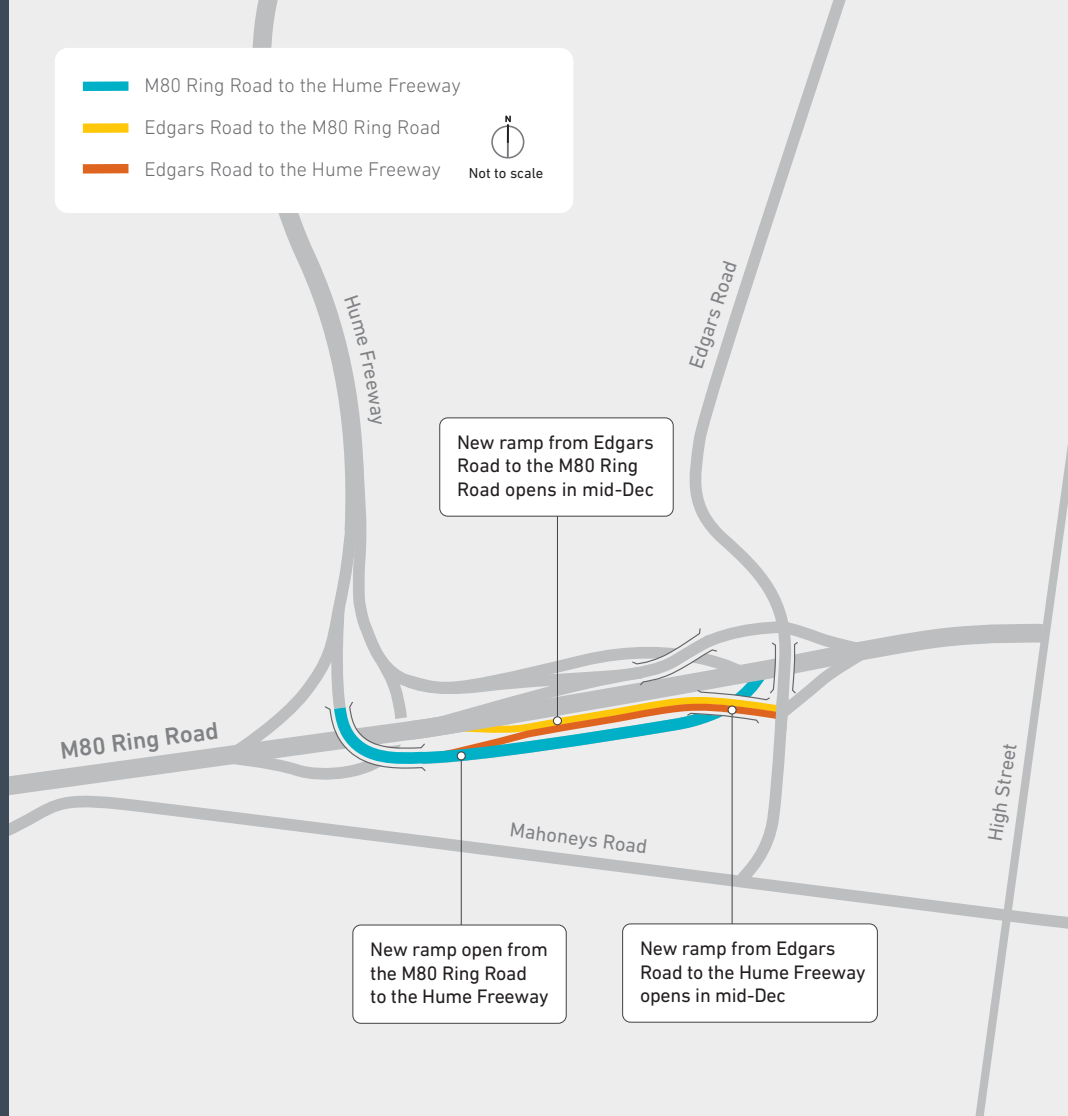

M80 Ring Road Greensborough-bound changes

From **mid-December**, we'll open the new Greensborough-bound ramps from the Hume Freeway to M80 Ring Road, and the M80 Ring Road to Edgars Road.

When these new ramps open, they'll improve safety and traffic flow by separating traffic entering and exiting the freeway.

Drivers will also benefit from improved travel times and better access to other freeways, interstate links and arterial roads.

The Greensborough-bound ramp from the Hume Freeway to Edgars Road will remain closed **until early 2022**. While the ramp is closed, detours will be in place via Cooper Street and Edgars Road.

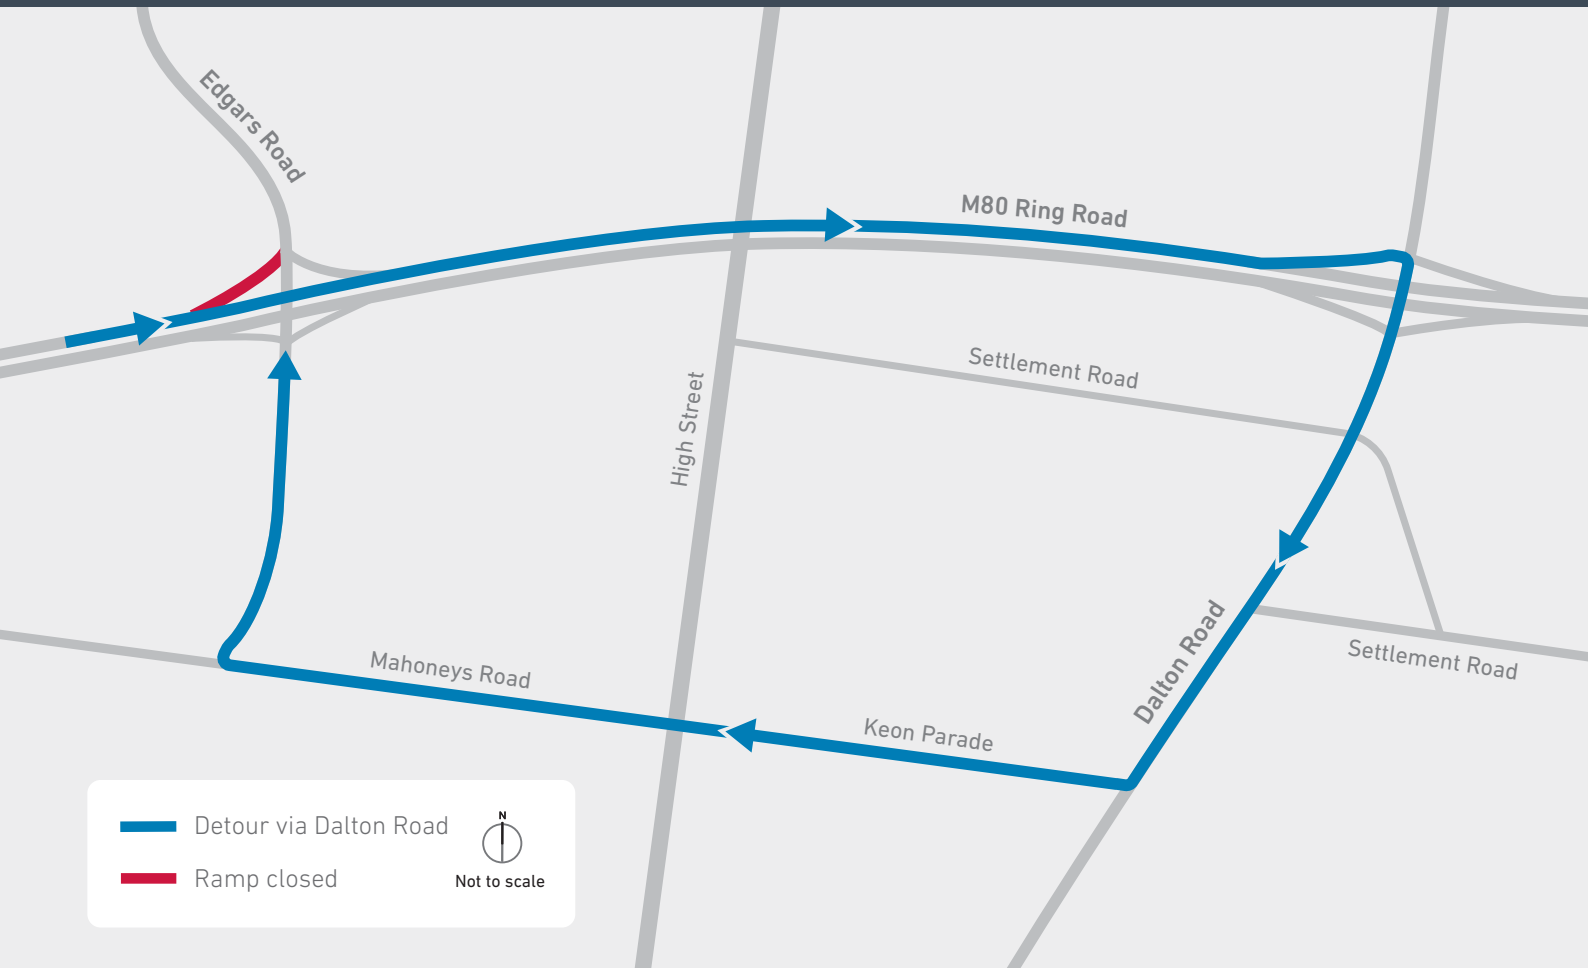

Scan the QR code to see how we've changed the way you travel on the M80 Ring Road.

Edgars Road Greensborough-bound exit ramp closure

We'll be closing the Edgars Road Greensborough-bound exit ramp from **9pm, Sunday 12 December to 5am, Friday 17 December** so that we can finish upgrading the new elevated ramp.

Detours will be in place via the M80 Ring Road, Dalton Road, Mahoneys Road and Edgars Road during this time.

December and January holidays

We're taking a short break over the December and January holiday period and pausing construction works from **Thursday 23 December 2021**, resuming on **Tuesday 11 January 2022**. We wish you a safe and happy holiday season and thank you for your cooperation and patience during this past year.

Keeping you informed

We'll continue to send you regular construction updates to let you know about upcoming works.

Weather conditions may affect our progress and traffic disruptions, stay up to date by visiting bigbuild.vic.gov.au/disruptions.

If you'd like to find out more, download or request a copy of our information pack by visiting roadprojects.vic.gov.au/projects/m80-upgrade or contact us on **1800 105 105** and **select option 5**.
