

2 June 2023

Dynon Road closed between CityLink ramp and Dryburgh Street – 16 June to 31 August 2023

The West Gate Tunnel Project will provide an alternative to the West Gate bridge, take thousands of trucks off local roads, and provide better connections across the city.

The twin tunnels under Yarraville will connect to a new elevated road above Footscray Road with connections to Dynon Road, Footscray Road and CityLink making it easier to get to and from the city.

Tunnelling of the twin tunnels is now complete, and Footscray Road will reopen on 16 June after a six-month construction campaign.

For the next stage of building the new connections to the city, the Dynon Road bridge in West Melbourne above the rail lines will be widened and strengthened, and new walking and cycling path safety barriers will be installed.

What to expect and when

From 8pm, Friday 16 June to 7am, Thursday 31 August 2023, Dynon Road will be closed between the CityLink inbound exit ramp and Dryburgh Street, North Melbourne.

At times, the rail lines below the bridge will also be closed. Buses will replace trains on sections of the Sunbury, Williamstown and Werribee lines at various times in June and July. V-Line services will also be impacted during July and August. Train replacement buses will operate from North Melbourne Station and Flagstaff Stations. Plan ahead at bigbuild.vic.gov.au/westworks.

Significant delays are expected.

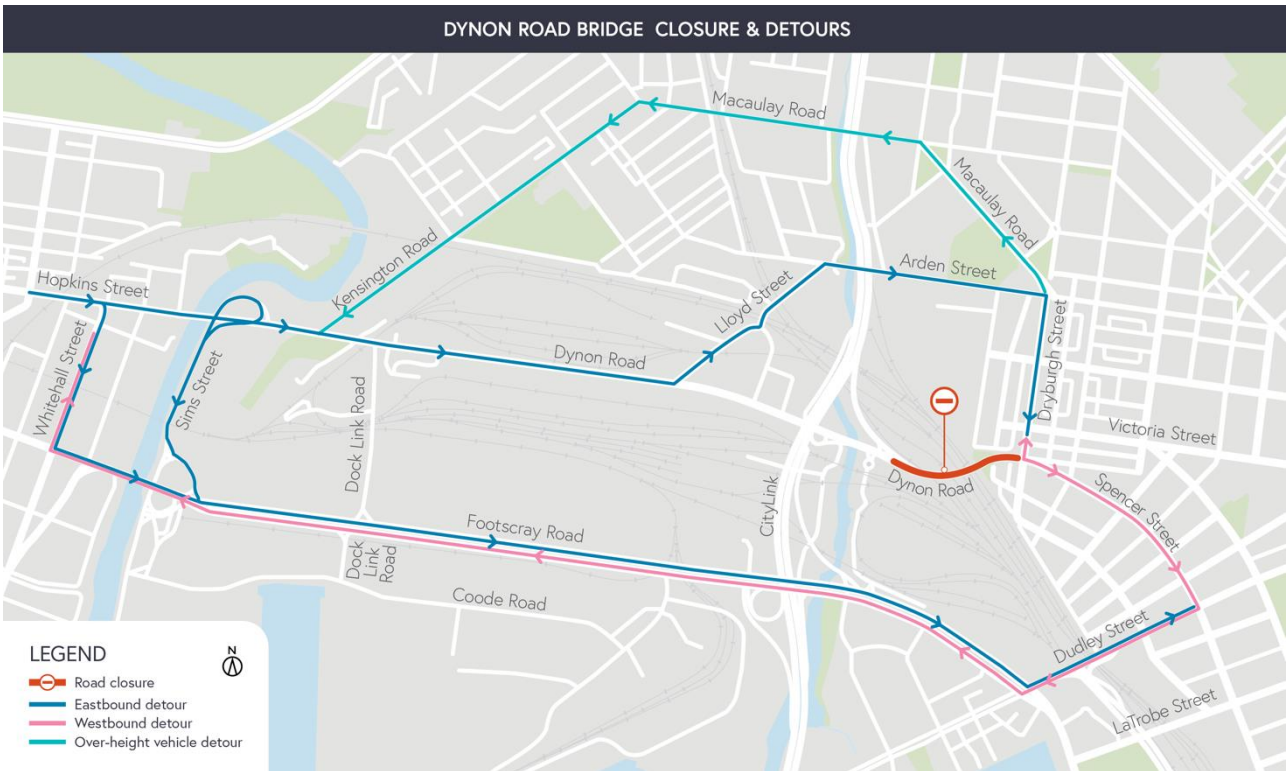

- Consider working from home between 23 June and 9 July during rail disruptions.
- If you need to be in the city, it might be quicker to travel on Mondays and Fridays when there are less people on the road and on public transport.
- Consider leaving home earlier, or later from work to avoid the busiest periods.

If you live close to Dynon Road, you may hear construction noise during the day and at night. We'll be monitoring impacts to ensure they're kept to a minimum, and we will work closely with local residents and businesses to respond quickly to queries and requests about noise.

Local businesses in the area remain open and operating during these works.

	Impact	Date
	Noisy night and day works – Bridge construction Hydro demolition works will be conducted over a series of three separate campaigns, including night works: <ul style="list-style-type: none"> • High pressure water to remove concrete from part of the existing bridge • Removing old bridge beams and installing new beams to widen the bridge • Pouring concrete to finish new deck. 	23–28 June 2023
	 <p>We will be in the area over the coming weeks speaking with local residents, businesses and commuters who may be affected. If you would like to speak with us, call 1800 105 105 and ask for the 'east zone' team, or visit westgatetunnelproject.vic.gov.au to check dates and locations of upcoming events.</p> <p>Lighting Lights will be angled away from homes wherever possible.</p>	6–12 July 2023 28–31 July 2023
