

LEVEL CROSSING REMOVAL PROJECT

BAYSWATER

LEVEL CROSSING REMOVAL UPDATE

ISSUE #02 JANUARY 2016

Removing 50 of Melbourne's dangerous and congested level crossings will transform the way people live, work and travel across metropolitan Melbourne and improve safety for drivers and pedestrians.

At Bayswater, the project team is removing the level crossings by lowering the train line below Mountain Highway and Scoresby Road, rebuilding Bayswater Station, constructing a new cycling/pedestrian path and reconstructing the station car park.

What's happening

Site establishment

From January, the Bayswater Level Crossing project team will be moving on-site. We will establish a project site office and start identifying key underground services, such as water and electricity, and start relocating these where necessary. We will also begin construction of the new station building and bus interchange.

To make room for construction there will be changes to parking and bus stop locations at Bayswater Station.

Changes to station parking and bus stop location

Station parking

Approximately 100 car spaces are currently closed at Bayswater Station. Further closures are expected in early 2016.

Station car park users should check signs at the station for future car space closures. For more information see map overleaf.

Bus stop relocations

From Wednesday 27 January, bus stops currently located in the

Bayswater bus interchange will be relocated to temporary bus stops in Pine Road and Station Street. These changes will remain in place for the duration of the project.

Please see map overleaf for more information on bus bay locations and affected route numbers.

For journey planning and service information please visit ptv.vic.gov.au or call 1800 800 007 6am-midnight daily (all night Friday and Saturday).

LEARN MORE AT OUR COMMUNITY INFORMATION SESSIONS:
SATURDAY 5 MARCH - 9:00am to 12:30pm
WEDNESDAY 9 MARCH - 5:00pm to 8:00pm
Keep an eye on our website for further details.

Project timeline

- January 2016**
Site establishment
 Changes to car parking and the relocation of buses on to Station Street and Pine Road.
- June 2016**
Weekend disruptions
 Weekend closure of the rail line and Scoresby Road.
- August 2016**
Weekend disruptions
 Weekend closure of the rail line and Mountain Highway.
- Nov to Mid Dec 2016**
Major rail and road closures

 - Six week closure of the rail line between Belgrave and Ringwood, with buses replacing trains.
 - Three week closure of Mountain Highway.
 - Two week closure of Scoresby Road.
- Late 2017**
Project completion

CHANGES TO CAR PARKING AND BUS STOP LOCATIONS

Keeping you informed

Community information sessions Visitor information centre

In November 2015, we held two community information sessions at the Knox Community Arts Centre. Both sessions were well attended by residents and local traders and provided us with a great opportunity to introduce you to the project.

Thank you to everyone who took the opportunity to come. We gained some valuable feedback on topics that are important to you, such as car parking around the station and in Mountain Highway.

As part of our commitment to keeping you informed, we have planned more community information sessions in mid-February. Dates and times are listed overleaf.

Our site facility will include a Visitor Information Centre where you can view maps and detailed designs of the project. Here, we can also guide you through a virtual experience of the finished design using our digital engineering application on iPad.

The Centre will give you the opportunity to meet the project team and ask questions about upcoming works as the project progresses. Opening times will be advertised shortly and we look forward seeing you soon.
