# **Meeting minutes**

### **OFFICIAL**

**Date:** 21 February 2022 **Time:** 1:00pm-2:00pm

Location:Microsoft Teams MeetingProgram:Suburban Rail Loop (SRL)

Title: SRL Monash Precinct Reference Group

Security Classification: Public

#### **Attendees**

- Steve Dimopoulos, Member for Oakleigh
- Dominic Luddy, GHD
- Paul Hunter, Senior Project Manager, Suburban Rail Loop Authority (SRLA)
- · Lissa van Camp, Director Land, Planning and Environment, SRLA
- · Vanessa Campbell, Precinct Director, Monash and Clayton, SRLA
- Molly Campbell, Deputy Director Strategic Communications and Engagement, SRLA
- Jesse Overton-Skinner, Manager Strategic Communications and Engagement, SRLA
- Sophie Adams, Manager, Engagement Initial and Early Works, SRLA
- Flora Haghanipour, Senior Project Manager, SRLA
- Communications and Engagement team, SRLA
- · Ross Evans, Engineering Manager, City of Monash
- Michael Benson, Strategic Development Manager, Monash University
- Colin MacRae, CSIRO
- David Capps, Laing O'Rourke
- Lisa Rae, Laing O'Rourke
- Nick Davis, State Manager Victoria and Tasmania Business and Infrastructure Services, CSIRO
- Deb Herman, Notting Hill Neighbourhood House
- Ishka de Silva, Monash Student Association
- Matthew Veale, Project Manager, City of Monash

#### **Apologies**

- Renaye Peters, Vice President Campus Infrastructure and Services, Monash University
- · Mark Gibson, City of Monash
- Brad Mountford, Head of Engineering, The Australian Synchrotron

## Actions – previous

	the EES				

# Key discussion points

Sub-heading	Description
Introductions	Steve Dimopoulos (SD) welcomed everyone to the Box Hill PRG meeting
Housekeeping	Dominic Luddy (DL) went through housekeeping matters, including
	<ul> <li>Agreed on previous meeting minutes</li> <li>Previous actions</li> <li>Conflict of interest declarations</li> </ul>

# **OFFICIAL**

Environment Effects Statement update  SRLA provided an Environment Effects Statement (EES) update, topics included:  SRLA provided an Environment Effects Statement (EES) update, topics included:  SRLA provided an Environment Effects Statement (EES) update, topics included:  SRLA and Laing O'Rourke (LOR) provided an Initial Works (IW) update including  IW planning and approvals update  Overview of the scope and purpose of Initial and Early Works Introduction of the Manager Contractor Laing O'Rourke Site investigations at Monash Initial Works scope at Monash Usestions  Michael Benson (MB) noted Normanby Road and Howleys Road are important for University as they are major entry points and have a number of facilities on them. MB requested advance communications from SRLA and Managing Contractors  SRLA noted that the planning approval for IW requires the MC to communicate with stakeholder in advance of works being undertaken. There will be comprehensive stakeholder engagement undertaken by the MC, with oversight from SRLA where there are potential construction impacts. There will be advance engagement with the University on upcoming site investigations, as well as future works prior to works being carried out  Colin MacRae (CM) noted similar engagement will be expected with CSIRO Nick Davis (ND) noted CSIRO has EMI and vibration investigations from a separate contractor this week.  SRLA updated actions and next steps for this PRG, topics included  PRG 2022 meeting sond yet available, and that the project focus is on the Clayton site establishment and sewer relocation works at present. SRLA also advised there may be potential for construction updates such as a visit to the areas near SRL sites as works progress.  SD noted if any group members require more information on the project, please reach out.		
Effects Statement update  Prior to Hearing procedure High level hearings schedule  SRLA and Laing O'Rourke (LOR) provided an Initial Works (IW) update including  IW planning and approvals update  Overview of the scope and purpose of Initial and Early Works Introduction of the Manager Contractor Laing O'Rourke Site investigations at Monash Initial Works scope at Monash Initial Works scope at Monash  Questions  Michael Benson (MB) noted Normanby Road and Howleys Road are important for University as they are major entry points and have a number of facilities on them. MB requested advance communications from SRLA and Managing Contractors  SRLA noted that the planning approval for IW requires the MC to communicate with stakeholder in advance of works being undertaken. There will be comprehensive stakeholder engagement undertaken by the MC, with oversight from SRLA where there are potential construction impacts. There will be advance engagement with the University on upcoming site investigations, as well as future works prior to works being carried out  Colin MacRae (CM) noted Similar engagement will be expected with CSIRO Nick Davis (ND) noted CSIRO has EMI and vibration investigations from a separate contractor this week.  SRLA updated actions and next steps for this PRG, topics included  PRG 2022 meeting schedule  SRLA noted Initial Works in Monash (Notting Hill) are still being planned and as such detailed timing is not yet available, and that the project focus is on the Clayton site establishment and sewer relocation works at present. SRLA also advised there may be potential for construction updates such as a visit to the areas near SRL sites as works progress.  SD noted if any group members require more information on the project, please reach out.	Sub-heading	Description
