

Important information

Out of hours works

**Rail access point, Childers Street,
Kensington**

Friday 23 October – Sunday 25 October 2026

VICTORIA'S BIG BUILD

As part of the Metro Tunnel Project, we will be temporarily using the rail access point at Childers Street, between Bakehouse Road and South Kensington Station, as an access point for construction machinery to enter and exit the rail corridor between Friday 23 October and Sunday 25 October 2026.

When we'll be working

We'll be working from 7pm Friday 23 October to 11pm Sunday 25 October 2026. Please note these works may take place overnight.

The timing of work may change depending on weather.

What we'll be doing

We will be moving machinery to and from the Metro Tunnel Project site in Hobsons Road to the rail access point at Childers Street to access the rail corridor at various times during this period.

Lights will be required at the Hobsons Road site and rail access point. Where possible, the lights will be positioned to face away from residential properties.

These activities are expected to generate low levels of noise. To ensure the safety of passengers and our workers, the work activities can only be performed safely when trains are not operating.
