## Primula Avenue traffic improvements

In response to community feedback on the right turn from Primula Avenue onto Millers Road we will install ‘traffic detector loops’ on Primula Avenue. These detector loops will sense vehicles arriving so that the traffic lights on the Millers Road freeway exit ramp can be activated. This will then create a gap and provide extra opportunities in traffic to turn right.

Works will take place between Tuesday 24 August and Friday 27 August and require nightly closures of Primula Avenue at Millers Road between 8pm and 5am. Residents may notice some vibration and construction noise from activities including cutting the road, machinery and truck movements.

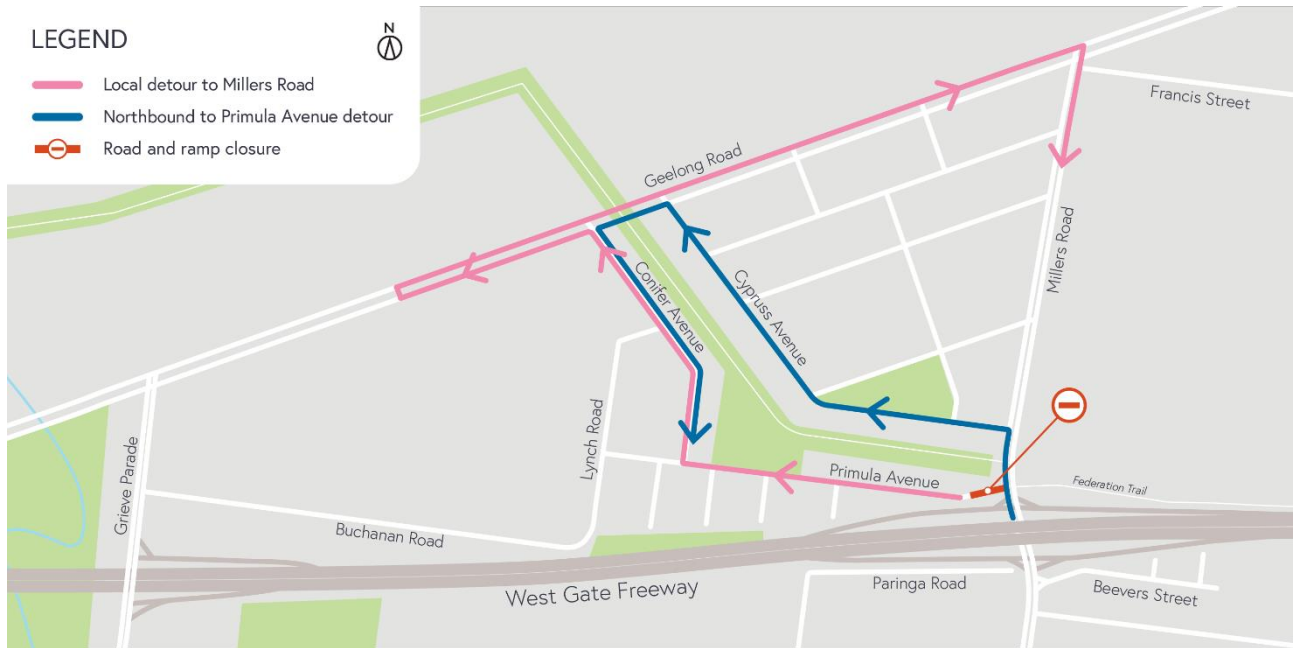

Information about traffic disruptions will be updated on social media and [bigbuild.vic.gov.au/disruptions](http://bigbuild.vic.gov.au/disruptions). Signed detours will also be in place.

## Location of works and detours

## Hours of work

These works will be done at night 8pm to 5am, from Tuesday 24 August to Friday 27 August.

If the weather is poor, we will need to reschedule the works. Please follow us on Facebook or sign up to traffic updates for the latest information.

## Thank you

Thank you for your feedback and patience during these works, and we do hope that the changes we are making, in collaboration with the Department of Transport and Hobsons Bay City Council, will help drivers exit out of Primula Avenue.
