Testing on Frederick Street

The West Gate Tunnel Project team has been set up on Frederick Street over the last week, undertaking verification drilling. We now need to carry out a seismic survey to confirm ground conditions. The process involves safely striking the ground, then analysing seismic waves sensed by receivers.

To carry out the testing, we are due to close Frederick Street between Stephen Street and Hyde Street between 7am–5pm on 30 June 2023.

As is consistent for all our tunnelling activities, we have ground monitoring devices that provide regular information across the whole tunnel alignment.

We apologise for the inconvenience this may cause residents. Access to your property will be maintained with the assistance of traffic controllers.

What to expect and when

	Impact	Date
	Construction related vehicle movements in the street. <i>Including small trucks entering and exiting the street.</i>	30 June 2023
	Frederick Street is due to be closed between Stephen Street and Hyde Street between 7am–5pm during these works. <i>Residents will have access to the street with the assistance of traffic controllers. Driveway access will still be available.</i> <i>The street will be reopened at night.</i>	30 June 2023
	Parking restrictions along Frederick Street. <i>Street parking will be restricted in some parts of the street.</i>	30 June 2023

Thank you

We appreciate our work can be disruptive and thank you for your understanding. Works may be rescheduled in the event of unexpected impacts.

For updates or questions, please call **1800 105 105**, email us at info@wgta.vic.gov.au, visit westgatetunnelproject.vic.gov.au or you can drop into our **Information Centre at 2 Somerville Road, Yarraville 3013 Monday–Friday 10am–5pm or Saturday 10am–4pm** for further information on the project.
