Station Street, Beaconsfield / December 2024

Level crossing removal community update

Beaconsfield road bridge taking shape

As part of the Victorian Government’s commitment to removing all 22 level crossings on the Pakenham Line by 2025, we’re removing the level crossing at Station Street, Beaconsfield by building a road bridge over the rail line.

The new road bridge is coming to life, with the northern roundabout on Beaconsfield Avenue installed and all 52 bridge beams now lifted into place.

In December, works will continue to build the southern roundabout on Kenilworth Avenue.

Getting rid of these boom gates will help make the Pakenham Line level crossing free in 2025 and, together with the Metro Tunnel, will allow more trains to run.

It will also give people access to five new underground stations in Melbourne’s CBD and surrounds.

Why this level crossing needs to go

25 trains during the morning peak

3 near misses and one collision since 2012

Boom gates down for 28% of the morning peak

Over the past months, crews completed building the roundabout at the intersection of Station Street, Beaconsfield Avenue and Goff Street, and asphaltting in the northern car park.

Thank you Beaconsfield locals for your patience whilst we completed these works.

Asphalting works in the northern car park.

The new roundabout at the intersection of Station Street, Beaconsfield Avenue and Goff Street.

The roundabout connects to the new road bridge being built over the rail line.

Beaming big in Beaconsfield

In October, we continued building the new road bridge over the rail line and constructing the new Beaconsfield Station car park.

These works involved:

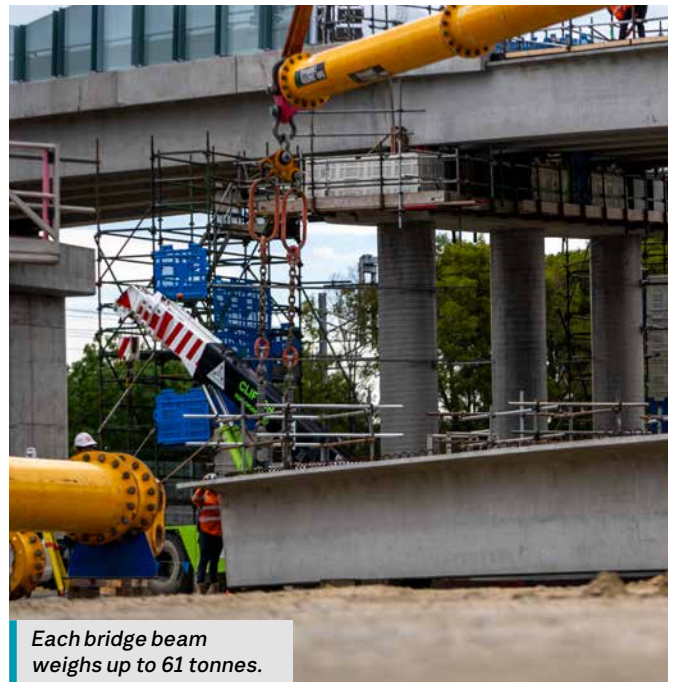

- ground improvement works
- installing power poles in the car park
- lifting bridge structures on the south side of the rail line.

37 bridge beams were delivered to site overnight and installed using a 650 tonne crane. Each beam weighs between 38 and 61 tonnes.

A total of 52 beams have been installed to form the structure of the 427m new road bridge, spanning the rail line and connecting Beaconsfield Avenue to Kenilworth Avenue.

Bridge beams were delivered overnight to minimise traffic disruptions and unloaded and installed during the day by our construction team.

This marks the completion of beam lifts at Beaconsfield.

Upcoming works

Roundabout works on Kenilworth Avenue

In November and December, we'll start building the new roundabout at the intersection of Kenilworth Avenue, Beaconsfield Avenue and Soldiers Road.

Road closures are in place on Kenilworth Avenue and Soldiers Road. Please follow traffic management and signage when moving throughout the area.

We have a dedicated team to assist you during construction and help minimise disruptions where possible. If you are directly impacted by our works, please contact **1800 105 105** to speak to a member of our project team.

End of year shut down period

There will be no construction activity during the holiday period.

Works will finish on **Friday 20 December 2024** and recommence on **Tuesday 14 January 2025**.

Community event at Beaconsfield Station.

Students posing with their artwork on the fencing at Beaconsfield Station.

Thank you Beaconsfield locals

Thank you to everyone who joined us at our community event on Saturday 9 November. We hope you enjoyed the reveal of the new station artwork and the fun activities hosted by our project team.

We would like to thank the students at St Francis Xavier College and Beaconsfield Kindergarten who created the artwork on the new station fencing. A certificate of appreciation was presented to the students and children to recognise their creative efforts.

The talented year 11 students from St Francis Xavier College reflected on the theme 'Connection to Place' for their artworks. They took inspiration from their local surroundings, Melbourne's urban landscape and Australian culture to express their

connections to different places in creative ways.

The children from Beaconsfield Kindergarten were inspired by what is important to them. Their creative pieces showcase ideas around caring for country and each other, the importance of play, family and friendship as well as self-expression of ideas and emotions.

Be sure to check out the vibrant artwork by these talented artists at Beaconsfield Station!

Project timeline

Late 2022

- Community consultation

2023

- Further engagement on design aspects
- Contract award
- Early works
- Major construction begins

2024

- Major construction
- Final designs released

2025

- Level crossing removed

** Timeline subject to change.*

Help us name the Beaconsfield road bridge

We're inviting the local community to provide feedback on the proposed names for the new road bridge in Beaconsfield.

Scan the QR code or visit engage.vic.gov.au/lxrp-station-streets-beaconsfield-and-officer to read more about the proposed names and submit your feedback.

You can submit your feedback until **11.59pm, Sunday 15 December.**
