

# Construction update

## Domain Precinct

December 2024 and January 2025

Construction for the Metro Tunnel's Anzac Station has been completed.

### Works snapshot: December 2024 and January 2025

In November, the site footprint was further reduced, with the Albert Road Reserve area reopened to the public, as well as additional space at the Shrine forecourt.

In December and into 2025 we will complete finishing works, including:

- Edmund Herring Oval reinstatement works
- Ongoing finishing and rectification works as required across the precinct.

We will also continue testing and trial operations, or dress rehearsals ahead of train operations, within the tunnel and train network ahead of the Metro Tunnel opening in 2025 - a year ahead of schedule.

Further information on these works can be found overleaf or at [metrotunnel.vic.gov.au](https://metrotunnel.vic.gov.au)

### Changes to our monthly construction update

We'd like to thank you for your patience over the last several years while we completed the Metro Tunnel's Anzac Station.

As Metro Tunnel Project construction for Anzac Station is now complete, this will be the final construction update.

We will continue to keep you up to date with any upcoming Metro Tunnel Project works and news in for Anzac Station via mail, email and through our website.
