

# Important information

## Drainage investigation works

Childers Street, South Kensington

Thursday 22 May 2025

VICTORIA'S BIG BUILD

As part of the Metro Tunnel Project, drainage investigation works will be undertaken along Childers Street.

### When we'll be working

We'll be working on **Thursday 22 May 2025**.

Works will take place from **7am to 6pm**.

The timing of work may change depending on weather.

### What we'll be doing

A camera will be placed in a drainage pit in the rail corridor running alongside Childers Street.

The works involve using a non-destructive digging truck to flush the drain out, which is expected to produce a short period of medium levels of noise.

Two car parking spaces will be used during the works and a short-term shuttle flow will be in place on Childers Street, with traffic management to assist vehicles, cyclists and pedestrians.
