

Upcoming works on M80 Ring Road Completion

Works Notification
Summer 2025-2026

BIG BUILD
M80 RING ROAD

We're completing the M80 Ring Road, delivering new lanes through to Plenty Road and a seamless connection to the North East Link tunnels – taking 19,000 cars and trucks a day off Greensborough Highway and giving local roads back to local people.

What you need to know

In late October, we completed a 30-day rail and road blitz at Grimshaw Street east. During works, crews built the eastern foundations for the Grimshaw Street Interchange road bridge and extended the rail tunnel under Greensborough Highway to around 500 metres.

Until mid-December, we'll continue building the western foundations for the new Grimshaw Street Interchange road bridge and a new walking and cycling underpass between AK Lines and Trist Street reserves. The new underpass will create safer journeys for pedestrians and cyclists by directing them under Grimshaw Street.

Work is also continuing behind the barriers on the M80 Ring Road and Greensborough Bypass as we build the new M80 Ring Road Interchange and ramps.

From late February to late March, Elder Street will be closed between Greensborough Highway and Frensham Road. This will give us space to start the new landscaped bridge and finish the permanent northbound and southbound lanes on Greensborough Road.

Holiday season site closure

The M80 Ring Road Completion project will shut down for the holiday period, from Friday 19 December 2025 to Monday 12 January 2026.

Some construction sites will have crews return to work sooner, on Monday 5 January 2026.

Should you need support during this time, please call 1800 105 105.

When we'll be working

Our standard work hours are:

	Day works 7am to 6pm, Monday to Friday, and 7am to 1pm, Saturday
	Night works 6pm to 7am, Sunday to Friday
	Weekend works 6pm Friday to 7am Monday

We'll carry out most of our works during the day, although some night works will be required.

When we're required to work at night near homes and businesses, we'll provide advance notice.

Managing construction impacts

We manage our works responsibly in line with strict project requirements including:

- keeping residents and businesses informed when work is happening nearby
- using clear signage and traffic controls to safely guide drivers, cyclists, and pedestrians
- securing worksites with fencing, barriers, and safety measures
- monitoring and managing noise, dust, and vibration levels in real time
- minimising light spill with carefully directed lighting
- implementing environmental controls to prevent dust and water run-off
- containing workforce parking within designated worksites.

What to expect

What to expect while we are working:

- machinery, equipment and vehicle noise, light, dust, and occasional vibration at times
- deliveries to worksites, including outside of standard work hours
- light and heavy vehicle movements on local streets
- lane, ramp and road closures.

Keeping in touch

We'll be out talking to nearby residents and businesses about these works, including how we'll be managing any local impacts. If you have any questions, please contact the Big Build contact centre on 1800 105 105.

Transport disruptions

Grimshaw Street is closed in sections between Greensborough Bypass and Macorna Street/ Watsonia Road until 5am, Tuesday 16 December. Detours are in place via Greensborough Bypass, M80 Ring Road, Plenty Road and Grimshaw Street, with delays of up to 30 minutes.

From 9pm, Friday 27 February to 5am, Monday 30 March, Elder Street will be closed between Greensborough Highway and Frensham Road/ Longmuir Road. Detours will be via Frensham Road, Yallambie Road and Greensborough Road and via Delta Road, McDowell Street, Grimshaw Street and Greensborough Highway, with delays of up to 20 minutes.

At times, there'll be overnight lane and road closures on sections of the M80 Ring Road between Plenty Road and Greensborough Bypass, at the Watsonia Road intersection, and on Greensborough Highway.

Expect intermittent lane, ramp and road closures, and speed reductions at night and on weekends

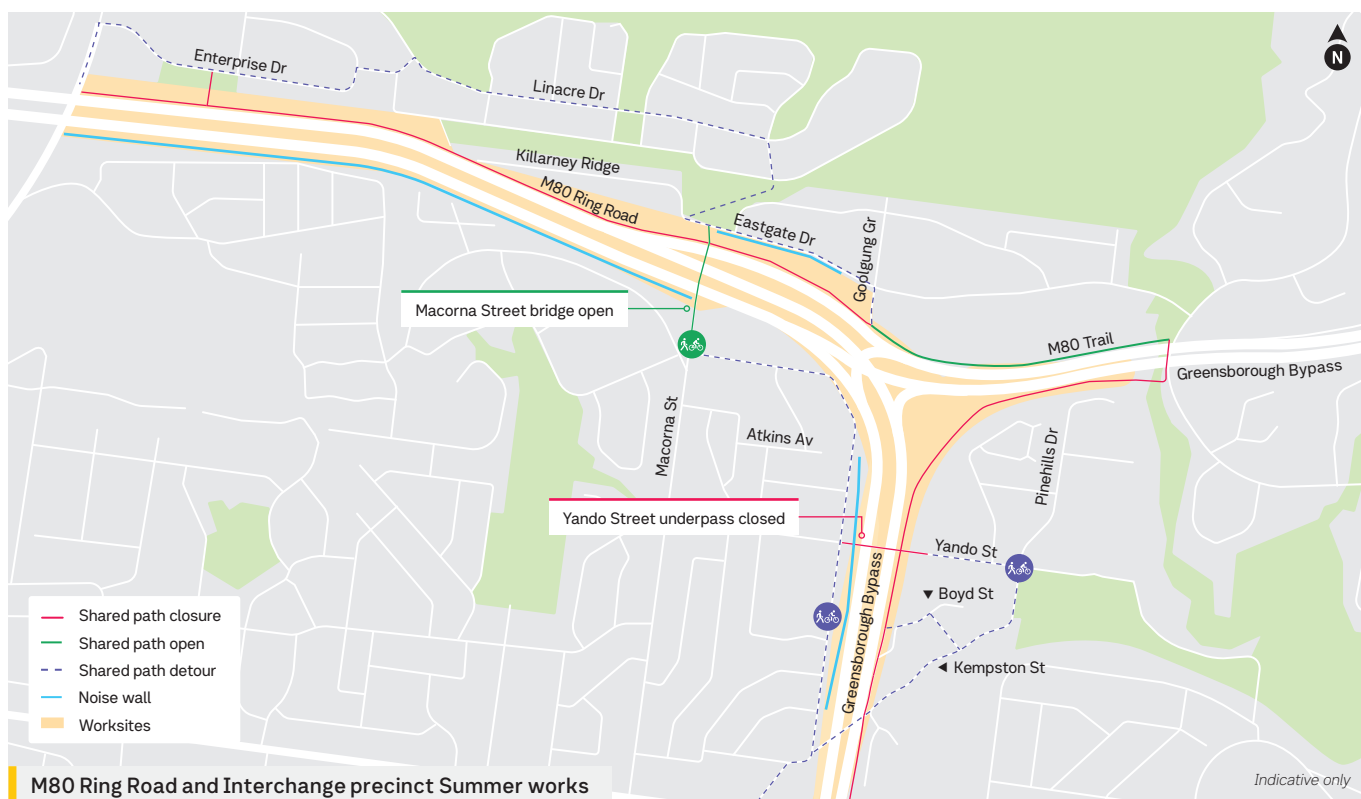

Please plan your trip and allow additional travel time. Search bigbuild.vic.gov.au/disruptions for the latest information on traffic disruptions or scan the QR code.

Where	Activity	
M80 Ring Road and Interchange precinct		
M80 Ring Road between M80 Interchange/ Greensborough Bypass and Plenty Road	 Day works	<ul style="list-style-type: none">– commence site preparation, vegetation removal, and construction of noise and retaining walls along M80 Ring Road Greensborough-bound– continue building the extra lanes from Plenty Road to the M80 Ring Road Interchange– commence bridge foundation works and preassembly of the Macorna Street pedestrian and cycling bridge on the southern side– construct bridge foundation works for new M80 Ring Road Interchange
