

# Important information

## Gate maintenance

### Childers Street, South Kensington

Tuesday 20 January – Wednesday 21 January 2026

As part of the Metro Tunnel Project, there will be night works in the rail corridor on Childers Street, Kensington

#### When we'll be working

We'll be working between  
**5pm on Tuesday 20 January**  
**and 3am on Wednesday 21 January 2026.**

The timing of work may change depending on weather.

The work will involve the use of a telehandler and hand tools. These activities are expected to generate low levels of noise with intermittent medium levels of noise.

Traffic controllers will be used as required on Childers Street for short periods to assist with vehicle and equipment movement in the work area. As a result, there will be intermittent stop and hold arrangements for drivers on Childers Street during these works.

To ensure the safety of passengers and our workers, these activities can only be performed safely when trains are not operating.

#### What we'll be doing

Gate maintenance will be undertaken on the ramp at the opening of the flood wall on Childers Street.

**VICTORIA'S BIG BUILD**
