Hi there, I'm wondering if anyone had a high resolution copy of the map of tunnel.. one that shows exactly what streets and properties it runs under? The ones online are a bit blurry and vague about which streets and exact properties the tunnel goes under. Cheers.

Reminder to Yarraville & Spotswood residents, especially those that live near Fogarty Avenue:

- The Avenue at Newport Rail Bridge will be closed from today for approximately three weeks, until early December 2020. This is so we can install new barriers on the bridge and pour concrete.
- Fogarty Avenue, between Wembley Avenue and Tenterden Street will also be closed from today to early December 2020. This is so we can complete cladding for the new walking and cycling overpas... [See More](#)

I totally agree with you especially when you're trying to do the school run! 🙄

Hi **Matthew**, thank you for your message. We sent notifications out to nearby residents and put them on our website last week, though now we have created this group we are now able to share all new works notifications more so with the wider community and will be sure to update as soon as possible. We've passed your feedback about signage into the builder. - Kim
