

## Works Notification

### Out of hours works

35 Wilsons Lane, Sunbury

**Tuesday 24 May to Friday 3 June 2022**

Major construction is continuing along the Sunbury rail corridor as part of the Gap Road level crossing removal and the Sunbury Line Upgrade. We wish to advise we will be temporarily using the vacant land at 35 Wilsons Lane as a storage and assembly site to support upcoming out of hours works.

#### What we are doing

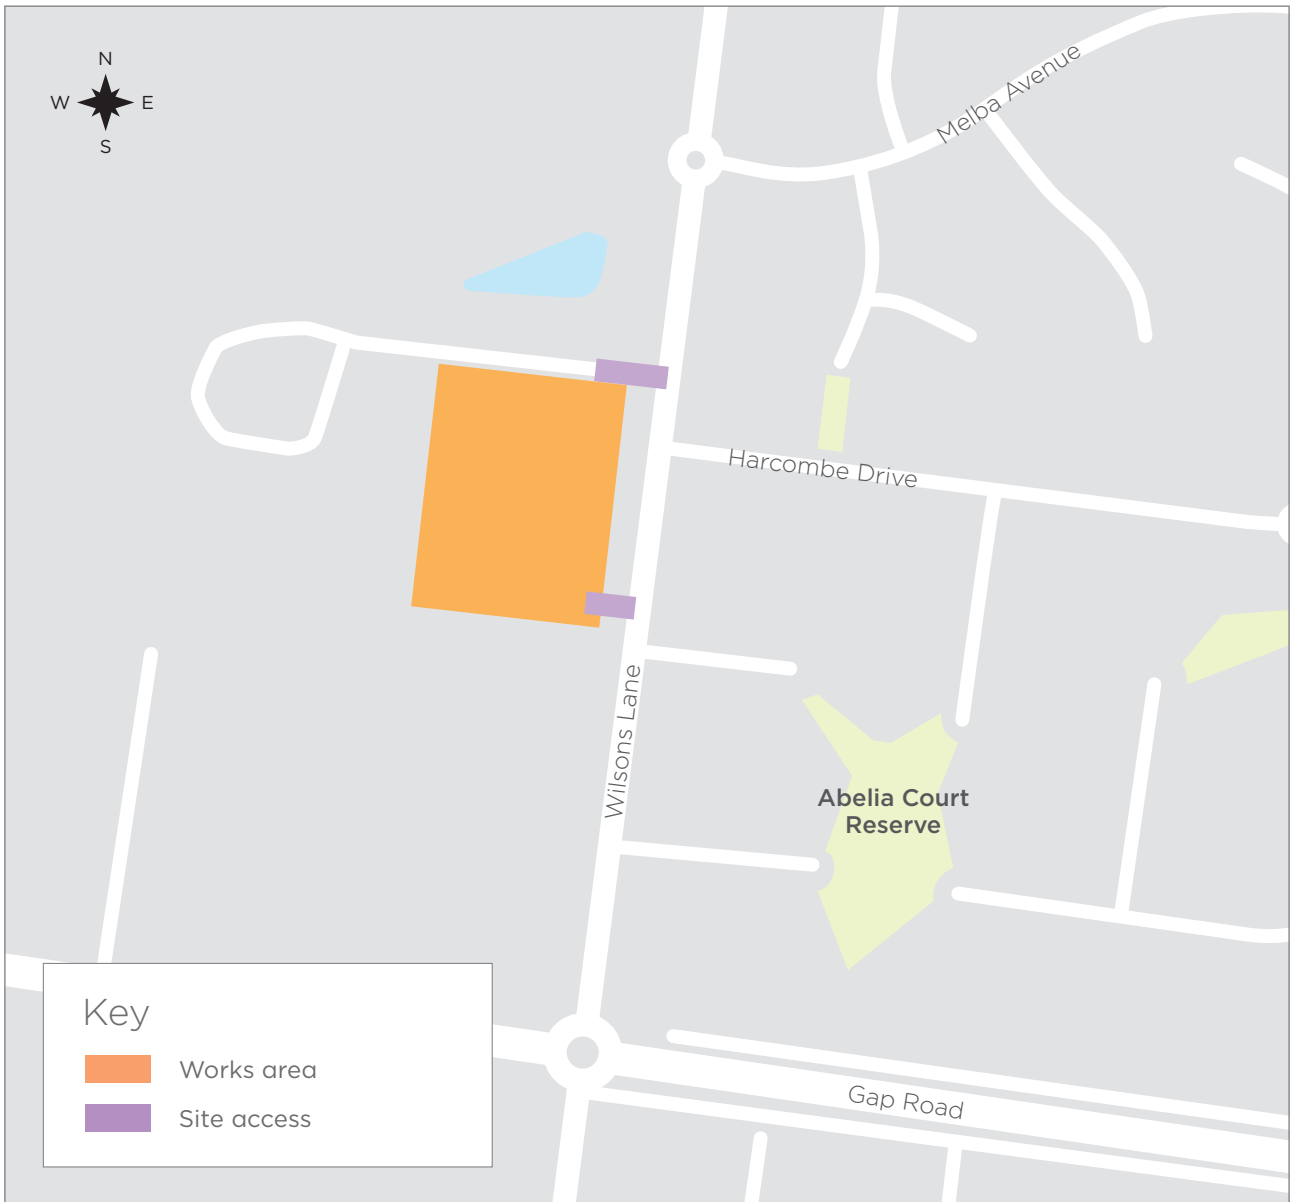

- The site at 35 Wilsons Lane, Sunbury will be used for the delivery, storage and assembly of materials, worker amenities and construction vehicle parking
- Delivering large steel beams to the site that will form support structures for the new rail bridge and road underpass
- Constructing rail infrastructure, including pipes and conduits that will be used during construction of the new rail bridge
- Works involve the use of a small crane, light towers, hand tools and other construction machinery.

#### When

- Tuesday 24 May to Friday 3 June 2022
- 7am to 3.30am, Monday to Friday
- 7am to 1pm, Saturday.

#### What to be aware of

- Low to medium levels of noise are expected during assembly and when materials are delivered and removed from site
- There will be an increase in construction vehicles and trucks travelling on local roads to access the site
- Generator-powered lighting towers will be used at night for worker safety. Where possible, lighting will be directed away from residential properties
- Water carts will be used to dampen materials to minimise the spread of dust.
