

WORKING WITH LOCAL BUSINESSES

Building the rail bridge at Pakenham Station

We're building the rail bridge over McGregor Road, Main Street and Racecourse Road and delivering new stations at Pakenham and East Pakenham.

Works are progressing at Pakenham as we build the elevated rail bridge. At times, we will need to close McGregor Road, Main Street and Racecourse Road at the level crossings. While these works take place, traffic management will help people move around the area.

More information about these closures can be found on the other side of this factsheet.

We will provide regular updates ahead of works as well as the latest project information and timelines.

How we'll work with you

Understanding your business and working with you is important to us.

Our commitment to you and your business is to:

- have dedicated staff to keep you up to date about the project and timing of impacts
- ensure you have information about detours or changes to access to help your staff and customers get around
- conduct marketing campaigns to encourage the community to continue to shop locally during works
- procure goods and services locally, where we can
- manage traffic and workforce parking to minimise the impact to local roads.

Traffic impacts 2023

Dates	Road	Duration (approximate)	Activity
11 January to 14 January 2023	Racecourse Road	3 Days	Piling works
Mid-February 2023	McGregor Road	2 Days	Installation of rail bridge structure beside road
21 Feb to 10 March 2023	Main Street	Approx. 3 Weeks	Piling works on Main Street, pier construction and road works
Early 2023	McGregor Road	7 Days total	Installation of rail bridge structure over road
Mid 2023	McGregor Road	3 Days	Installing screening on rail bridge
Mid 2023	Main Street	Approx. 1 Week	Installation of rail bridge structure over road and screening
