

# Construction update

## South Yarra

April 2024

Major construction for the Metro Tunnel's tunnel entrance in South Yarra has been completed.

### Works snapshot: April

In March 2024 we completed construction of the Osborne Street Shared-Use Path bridge, finishing major construction for the Metro Tunnel's tunnel entrance in South Yarra.

We will continue train testing and commissioning activities within the tunnel and along the train network for the Metro Tunnel to open in 2025.

We will also, at times, complete finishing works in South Yarra as required, alongside activities to open Sidings Reserve and the Arthur Street pocket park.

Further information on these works can be found overleaf or at [metrotunnel.vic.gov.au](https://metrotunnel.vic.gov.au)

### Changes to our monthly construction update

We'd like to thank you for your patience over the last several years while we completed important works to build the Metro Tunnel's eastern entrance.

As major Metro Tunnel Project construction has finished at South Yarra, we are changing the frequency of our construction update with our next edition to be provided in June 2024. This reflects the decrease in construction activity and will also reduce the production and use of paper.

We will continue to keep you up to date with any upcoming Metro Tunnel Project works and news in South Yarra via mail, email and through our website.

To subscribe to for email updates visit [metrotunnel.vic.gov.au/subscribe](https://metrotunnel.vic.gov.au/subscribe) or contact the project information line on **1800 105 105**, 24 hours a day, 7 days a week.

## Upcoming works in your area

### Osborne Street

#### Osborne Street landscaping works

7am to 6pm, Monday to Friday  
April 2024

- Major construction of Osborne Street has been completed and the remaining minor finishing works, including soft landscaping will continue throughout April
- Works will include final cleaning of the site, removing any access materials and demobilising the works site
- Works are expected to generate low to medium levels of noise.

### Sidings Reserve

#### Finishing works prior to park opening

April 2024

- Finishing works to open Sidings Reserve will continue through April 2024
- Works include soft landscaping
- We will keep you updated on the opening of Sidings Reserve and Arthur Street pocket park.

## High Capacity Signalling technology testing

- Out of hours testing will continue intermittently on the Cranbourne and Pakenham lines throughout 2024 to enable High Capacity Signalling testing.
- Testing of the High Capacity Signalling technology is expected to generate low levels of noise.

To know more about the High Capacity Signalling technology, please visit [bigbuild.vic.gov.au/projects/metro-tunnel/about/technology/high-capacity-signalling](https://bigbuild.vic.gov.au/projects/metro-tunnel/about/technology/high-capacity-signalling)

## Metro Trains rail maintenance works

At times Metro Trains may conduct out of hours works for maintenance purposes in your area.

To learn more about Metro Trains out of hours maintenance contact Metro Trains on **1800 800 007** or visit their website at [metrotrains.com.au](https://metrotrains.com.au)

# Works area map

## Osborne Street now open

Osborne Street reinstatement works have been complete as part of the Metro Tunnel Project.

To enable works on Osborne Street, the road was diverted into a one-way traffic in 2018.

In March 2024, we returned the road to two-way traffic, as majority of works are close to completion and one-way traffic is no longer required.

Vehicles can now enter and exit Toorak Road via Osborne Street.
