Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

How we will manage our works

We will minimise impacts to the community by:

- Keeping Ferntree Gully Road open on Saturday and Sunday nights
- Transporting materials from site in covered trucks to minimise dust
- Installing road safety and detour signage
- Positioning equipment as far as possible from businesses and turning it off when not in use
- Monitoring noise, dust and vibration levels.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Monash.
