

Footpath closure and pedestrian diversion

Swanston Street

From Thursday 3 October to December 2024

The State Library Station precinct is moving towards the final phase of construction including entrance fit-out and public realm works. To carry out these works safely, a footpath closure is required on Swanston Street directly adjacent to the work site at the corner of La Trobe Street. As part of these works, partial footpath closures up to A'Beckett Street will also be required.

When we'll be working

From **Thursday 3 October** to **December 2024**:

- The Swanston Street footpath between La Trobe Street and the northern end of the work site will be closed
- Staged public realm and reinstatement works will occur from the northern end of the work site to A'Beckett Street, requiring partial footpath closures. Business access will be maintained
- Work hours are **24-hours Monday to Friday**, and **7am to 12am Saturdays** and **Sundays**.

What we'll be doing

- Site establishment including installing traffic barriers, temporary fencing and signage around the perimeter of the work sites
- Fitting out the seven-storey deep underground station which involves deliveries and installation of materials including steel beams and glass, lighting, elevators, escalators and ticket gates
- Surface works including installation of underground services, bollards, kerb and pavement outside the main entrance to the new station
- Reconstructing the footpath, traffic lanes, kerbs and road surface, including asphaltting and line marking
- These works involve saw cutting, excavation, use of road and demolition saws, vacuum trucks, mobile cranes, concrete trucks, rigid trucks, forklifts and hand tools.

What to be aware of

- There will be traffic impacts for motorists, cyclists and pedestrians during these works. Everyone is advised to take extra care when travelling through the area and follow traffic management

- The Swanston Street western footpath adjacent to the work site will close, including the north-south pedestrian crossing
- Pedestrians will be diverted to the eastern footpath to continue north up Swanston Street
- Access for motorists and cyclists travelling northbound on Swanston Street will be maintained via a shared use lane
- During the staged partial footpath closure and kerb works between La Trobe and A'Beckett streets, limited parking will be available in this section of Swanston Street. One loading zone space and one accessible parking space will be maintained.
- Access to businesses, RMIT and residential buildings will be maintained
- Some works will generate intermittent periods of medium to high levels of noise.

Thank you for your patience while we undertake these works.
