

Changes to Bulleen Road and Manningham Road

Construction Update
September 2025

Artist's impression of the future Manningham Road interchange

Works are powering ahead on North East Link to build the new Manningham Road interchange. As part of these works, there will be changes to traffic conditions to allow crews to safely carry out construction activities.

From mid-September to early October, there will be lane closures on Manningham Road, Bulleen Road, and Bridge Street to safely complete drainage works.

During this time, there will be detours in place to minimise disruption and keep traffic moving safely through the area.

Delays of up to 40 minutes are expected during this time.

We'll continue to keep you updated on traffic changes via on road signs. Alternatively you can find the latest information via bigbuild.vic.gov.au/disruptions
