

Important information

**Rail maintenance and
investigation works**

Childers Street, South Kensington

Wednesday 26 – Thursday 27 November 2025

VICTORIA'S BIG BUILD

As part of the Metro Tunnel Project, there will be night works in the rail corridor on Childers Street, South Kensington.

When we'll be working

We'll be working between **7pm and 11.30pm on Wednesday 26 and Thursday 27 November 2025.**

The timing of work may change depending on weather.

What we'll be doing

Rail maintenance and investigation works will be undertaken in the rail corridor and on the ramp at the opening of the flood wall on Childers Street.

This work will involve the use of a non-destructive digging machine (NDD) and excavator. These activities are expected to generate low levels of noise with intermittent levels of medium levels of noise.

Traffic controllers will be used as required on Childers Street, for short periods to assist with vehicle and equipment movement in the work area. As a result there will be intermittent stop and hold arrangements for drivers on Childers Street.

To ensure the safety of passengers and our workers, these activities can only be performed safely when trains are not operating.
