Location of works

To minimise the disruption to businesses and road users along Dohertys Road we have decided to do these works over one weekend when traffic volumes are usually lower, and we can get the works done quicker. We need to work during the day because for asphalt to set correctly the temperature needs to be within a certain range, and now that we're in winter, it is too cold overnight.

If the weather is poor and temperatures are too cold, we will need to reschedule the works. Please follow us on Facebook or sign up to traffic updates for the latest information.

To learn more about the impacts above, please don't hesitate to give the team a call on 1800 105 105 or email us on info@wgtp.vic.gov.au.
