

Works notice

Beam delivery at La Trobe Street site

Monday 10 to Thursday 13 July 2023

Eastbound road closure of La Trobe Street required between Elizabeth and Swanston streets.

Following the State Library Station July works notification, we wish to advise that oversized beams will be delivered to the La Trobe Street site under a continuous closure of La Trobe Street eastbound between Elizabeth and Swanston streets.

What we are doing

- Delivering oversized beams which help form part of the State Library Station entrance. The first two beams (of six in total) will be delivered to site and placed into position during this closure.

What to be aware of

- Motorists travelling eastbound on La Trobe Street will need to detour via Lonsdale Street
- The dedicated eastbound bicycle lane will also be closed for the duration of the works. Cyclists travelling eastbound on La Trobe Street will need to detour via Little Lonsdale Street
- For safety reasons, there will be a closure of the Swanston Street western footpath adjacent to the La Trobe Street site during the first beam lift. Pedestrian access will be maintained via the eastern footpath on Swanston Street
- Tram services will not be impacted
- Local vehicle access to businesses and residential buildings will be maintained at all times under traffic control.

When

- 6pm Monday 10 July until Thursday 13 July (or until the works are complete).

Further information on these works can be found at metrotunnel.vic.gov.au
