

Works notice

St Kilda Road overnight asphalting

St Kilda Road

From 8pm Monday 15 January to 6am Saturday 20 January 2024 and
8pm Monday 22 January to 6am Friday 26 January 2024

In the Anzac Precinct, the final layer of asphalt will be laid along sections of southbound and northbound St Kilda Road lanes.

When we'll be working

- Works on the southbound lane will take place overnight, **8pm to 6am, from 8pm Monday 15 January to 6am Saturday 20 January 2024**
- Works on the northbound lane will take place overnight, **8pm to 6am, from 8pm Monday 22 January to 6am Friday 26 January 2024**
- Due to the nature of these works, progress may be impacted by weather conditions.

To minimise disruption to traffic on St Kilda Road, works will take place overnight over two weeks, 8pm to 6am, from 8pm Monday 15 January to 6am Saturday 20 January 2024 along the southbound lanes and from 8pm Monday 22 January to 6am Friday 26 January 2024 along the northbound lanes.

What we'll be doing

- Closing the southbound lane of St Kilda Road between Dorcas Street and Toorak Road overnight, 8pm to 6am, from 8pm Monday 15 January to 6am Saturday 20 January 2024 to:
 - Asphalt the southbound lane of St Kilda Road between the Anzac Station tram stop and Toorak Road
 - Install light poles adjacent to the southbound lane between Bromby Street and Toorak Road
 - Line mark and remove traffic barriers.
- Closing the northbound lane of St Kilda Road between Toorak Road and Albert Road overnight, 8pm to 6am, from 8pm Monday 22 January to 6am Friday 26 January 2024 to:
 - Asphalt the northbound lanes of St Kilda Road between Toorak Road and Bowen Lane
 - Install conduit in the northbound lane adjacent to tram stop 22
 - Line mark and remove traffic barriers.

What to be aware of

- Detours will be in place during the closures of St Kilda Road:
 - Detour during the closure of southbound lane via Dorcas Street and Kings Way
 - Detour during the closure of northbound lanes via Kings Way and Park Street
- These works are expected to generate periods of medium to high levels of noise associated with the laying of asphalt and the use of Non-Destructive Digging trucks for conduit installation and installation of poles
- During works on the northbound lanes, access to the St Kilda Road driveway of 400 St Kilda Road (Botanica) will be via a right turn from Bowen Lane onto St Kilda Road. This will be in place overnight, 8pm to 6am, from 8pm Monday 22 January to 6am Friday 26 January 2024
- Traffic controllers will be at Bowen Lane to assist with this traffic movement.

Thank you for your patience while we undertake these works.
