## Signalling works

### Drouin to Traralgon

20–31 March 2025

We are completing signalling works between Drouin and Traralgon as part of the Gippsland Line Upgrade, which will enable more frequent and reliable services.

#### When we'll be working

Works will take place **from 7am to 7pm** with some **24-hour** works required throughout this period.

The timing of work may change depending on weather and ground conditions.

Thank you for your patience while this important work is underway.

#### What we'll be doing

From **Thursday 20 March until Monday 31 March** we will undertake low-impact works to:

- carry out minor signalling works, cable hauling, installation of trackside equipment, tree trimming and trackside drainage
- construct maintenance access roads between Drouin and Traralgon
- install signalling rooms at Warragul and Traralgon

#### What to be aware of

- you will see us carrying out low-impact and non-disruptive works during the day and night
- an increase in heavy machinery, vehicles and workers within the area
- temporary changes to traffic, with speed reductions required to ensure the safety of workers and the community.

#### How we are minimising impacts

##### Dust

We use a range of measures to minimise dust from construction activities, including placing dust monitors in and around the construction site, staging works to minimise exposed areas and the use of water carts to wet down work areas.

##### Noise and vibration

To minimise potential noise and vibration impacts we monitor noise and vibration levels to make sure they are within the Environment Protection Authority noise control guidelines and limit out of hours work.

#### Lighting

Where possible, portable light towers will be positioned away from residential properties to prevent light spill into homes and solar light towers will be utilised to limit noise.

#### Plan your journey

Coaches will replace trains between:

- Bairnsdale and East Pakenham from first service Friday 21 March to last service, Friday 28 March
- Bairnsdale to the city from first service, Saturday 29 March to last service, Sunday 30 March

Check before you travel at [bigbuild.vic.gov.au](https://bigbuild.vic.gov.au).
