

Glen Waverley works update

October 2026

Works are underway in Glen Waverley to deliver Suburban Rail Loop (SRL) East for Melbourne and Victoria.

What we are doing

🌞 **Day works** 7am to 6pm, Monday to Friday and 7am to 1pm, Saturday

The following works will be carried out during October 2026.

Where	When	What we are doing	What to expect
Former Waverley RSL building	🌞 Ongoing until late October	— Site clearance — Asphaltting works — Safely removing hazardous material, if found	— Traffic management and pedestrian detours in place — Medium to high levels of noise, vibration and dust
SRL worksite, Glen Waverley	🌞 Ongoing until mid 2027	— Installing fencing and hoarding — Capping beam construction — Excavation — Asphaltting works — Safely removing hazardous material, if found	— Traffic management and pedestrian detours in place — Increased truck and heavy vehicle movements — Medium to high levels of noise, vibration and dust

Note: Timing of works may change due to weather or ground conditions.

How we will manage our works

We will minimise impacts to the community by:

- Maintaining access to the Myrtle Street and Bogong Avenue car parks
- Transporting materials from site in covered trucks to minimise dust
- Installing road safety and detour signage
- Maintaining access to homes and businesses
- Monitoring noise, dust and vibration levels
- Turning off equipment when not in use
- Using noise blankets on equipment
- Using water and dust suppressants
- Coordinating disruptions with other construction companies in the area.

HERE TO HELP YOU
**COMMUNITY
CREW**

**Here to help our neighbours during
Suburban Rail Loop East works.**

Contact us on 1800 105 105 to book in a service.

Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

There will continue to be large equipment and machinery delivered to and from the Glen Waverley worksite. Most deliveries can be moved on a normal truck load during the day, however there will be some oversized loads at night to reduce traffic impacts.

Works are on, shops are open

Support your local traders during construction.
