

Works notification

11 March 2021

Day works

Site establishment works at the Manningham Hotel & Club, Bulleen

We've started moving close to 100 above and underground services such as power, water, gas, sewerage and telecommunications to make way for North East Link.

From **Wednesday 17 March 2021** until **mid-2021** CPB Contractors will establish a work site at the Manningham Hotel & Club, Bulleen to support the construction of the Yarra East Main Sewer.

What we'll be doing

Works will include:

- Surveying and use of hand tools to take ground samples
- A drill rig to bore small diameter holes up to eight metres deep to take ground samples
- Scanning the ground to locate services with handheld electronic equipment
- Using high-pressure water and a vacuum to carefully expose underground services and verify their location
- Installation of temporary safety fencing and lighting
- Vegetation removal
- Construction of a crushed rock base for the work area
- Implementing environmental controls such as tree protection, silt traps and dust suppression measures
- Installation of temporary site facilities and toilets
- Construction of a launch shaft ready for the deployment of the mini Tunnel Boring Machine (TBM) in mid-2021

When are we working?

7am to 6pm, Monday to Friday

7am to 1pm, Saturdays

From **Wednesday 17 March** until **mid-2021**.

Any work scheduled to occur outside these hours will only proceed after residents have been notified.

What to expect

During these works you may notice:

- Work crews in the area
- Noise from machinery and equipment, such as a vacuum truck, an excavator, roller, drilling rig and light vehicles
- Vibration while we compact the work area
- Traffic Controllers to help guide you safely through the area

Managing impacts

CPB Contractors are committed to minimising construction impacts for residents and the community and will implement the following mitigation measures where appropriate:

- Covering loads on trucks, when transporting excavated material and clean fill
- Dust suppression using water carts and binding agents
- Use of rumble grids on roads to reduce the transfer of dirt on local roads
- Noise control equipment and sound blankets may be used on machinery and tools
- Tree protection zones to retain as many trees as possible

Our community engagement team will be onsite and available to assist residents during the works.

Safety is our priority and we ask for your assistance with obeying instructions, signage, and maintaining social distancing during the coronavirus pandemic.

The phasing of these works is indicative and subject to change within the times specified in the works notification.

We appreciate your patience and understanding throughout these works.

Health and safety

The health and safety of our workforce and community remains our top priority. Physical distancing measures are in place as well as increased hygiene practices. For more information about coronavirus (COVID-19) visit coronavirus.vic.gov.au
