

Works Notification

Construction works

35 Wilsons Lane, Sunbury

Ongoing to late 2022

Major construction is continuing along the Sunbury rail corridor as part of Gap Road level crossing removal and the Sunbury Line Upgrade. We wish to advise that we will be temporarily using the vacant land at 35 Wilsons Lane as a storage site to support upcoming works.

What we are doing

- A temporary storage site will be established at 35 Wilsons Lane, Sunbury. The site is being used for the delivery, storage and assembly of materials, worker amenities and construction vehicle parking
- In addition to normal construction hours, this site will be used to support out of hours works as required.
- The temporary site will be used for plant, equipment and material storage.

When

- Thursday 9 December 2021 to late 2022
- Normal construction hours
 - 7am-6pm Monday to Friday
 - 7am-1pm Saturday.

What to be aware of

- There will be an increase in construction vehicles travelling on local roads to access the site
- Generator-powered lighting towers may be required at night for worker safety. Where possible, lighting will be directed away from residential properties
- Water carts will be used to dampen materials to minimise the spread of dust
- Low to medium levels of noise are expected when materials are delivered and removed from site
- Nearby residents will be notified prior to any 24/7 works taking place
- Trucks will deliver and remove essential equipment and material to and from the storage site.
