

3 October 2022

Maribyrnong River Full Closure

As part of the West Gate Tunnel Project, we're building new bridges over the Maribyrnong River. These bridges will support the main carriageway and the entry and exit ramps from Mackenzie Road to the West Gate Tunnel.

What to expect and when:

As part of construction of the new bridges, there will be intermittent full closures of the Maribyrnong River south of Shepherd Bridge during the day. These closures are required so that we can safely install bridge segments as part of the construction of the new bridges.

	Impact	Date
	<p>River closure This section of the river will not be accessible throughout periods of this closure.</p>	Intermittently between late-October 2022 and early-February 2023

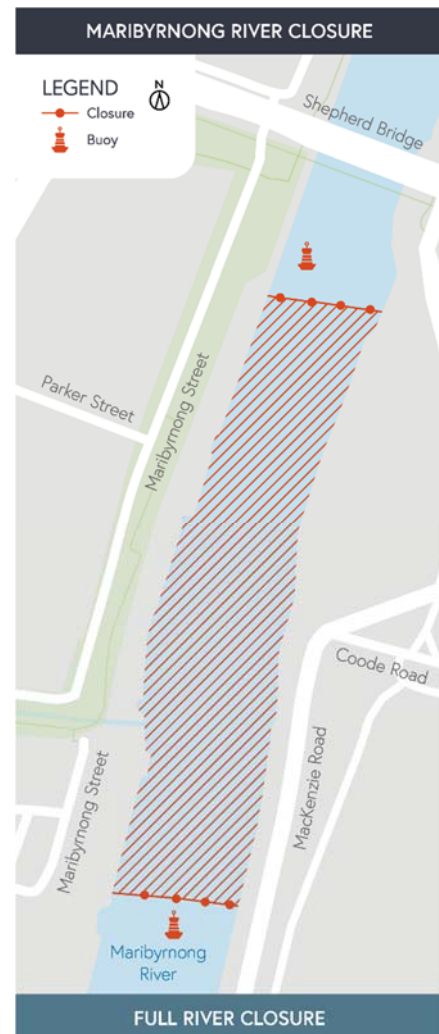

If the weather is poor or there are any unexpected events, we may need to reschedule these works.

For more info on closure dates please visit; bigbuild.vic.gov.au

Thank you

We appreciate our work can be disruptive and we thank you for your patience and understanding as we complete these works. Works may be rescheduled in the event of unexpected impacts.
