

Works notice

William Street bridge works

William Street, South Yarra

Monday 21 August to Sunday 10 September 2023

As part of the Metro Tunnel Project, works to finish the William Street bridge will start in late August.

What we are doing

- Installing bluestone pavement along the William Street bridge footpath including the remaining seating area, street signs and light poles
- Re-asphalting the William Street bridge road and footpath
- Using trucks to deliver materials, using concrete trucks and crews with hand tools.

When

- Works will take place from 7am to 6pm from Monday to Friday, 7am to 1pm on Saturdays.

What you should be aware of

- These works are expected to generate medium levels of noise with intermittent periods of high-level noise associated with constructing the base foundation for the seating area
- Traffic management will be in place along William Street to help facilitate local vehicle, pedestrian and delivery movements. Access to driveways and residential properties will be maintained at all times
- Once the William Street bridge works are complete, works to reinstate and re-asphalt William and Arthur streets will commence. More information regarding this will be provided closer to the date.

Indicative only.
