## Preparing for the new SRL train station at Clayton

Tunnel boring machines to build the SRL East tunnels will launch in 2026. To prepare for building the new underground station, the Clayton SRL worksite has expanded. Carinish Road, between Clayton and Link roads, and the open space beneath the elevated rail line between Carinish and Haughton roads are now permanently closed. **Clayton shopping precinct remains open and accessible throughout these works.** Scan the QR code to read more.

## Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

### How we will manage our works

- Maintaining access for emergency vehicles and buses at all times
- Maintaining access to homes and businesses
- Safely removing hazardous materials in accordance with Environmental Protection Authority regulations
- Transporting materials from site in covered trucks to minimise dust
- Using water and dust suppressants
- Installing road safety and detour signage
- Pedestrian and cyclist detours in place.

To receive SRL East works reminders via SMS text **CLAYTON** to **0429 469 592**
