

# CLYDE ROAD UPGRADE

FEBRUARY 2025

**We're upgrading Clyde Road in Berwick, relieving bottlenecks, improving traffic flow, and making your journey safer and more reliable.**

## About the project

As part of the Clyde Road Upgrade, we'll:

- add additional lanes in each direction between Bermersyde Drive and Enterprise Avenue
- widen the existing bridge over the Princes Freeway from 6 lanes to 10 to increase capacity
- upgrade the intersection at Kangan Drive and Clyde Road by adding dedicated bus lanes and additional through and turn lanes to help traffic move more smoothly
- upgrade the Princes Freeway ramps and intersections to make it safer for vehicles to enter and exit the freeway
- build new and upgrade existing shared walking and cycling paths
- install new street lighting, road signage, drainage, and landscaping.

*Above image: Artist's impression of the upgraded Clyde Road looking north (subject to change)*

While we work, there will be disruptions, however access for emergency services and to schools and surrounding hospitals will be maintained at all times.

## Project benefits

Once complete, the project will benefit local communities and the 30,000 people who use Clyde Road each day by:

Providing better access for locals and visitors to surrounding schools, hospitals, businesses, and Berwick Station

Building on the benefits delivered by the removal of the level crossing at Clyde Road and Enterprise Avenue

Enhancing connectivity for pedestrians and cyclists travelling north or south on Clyde Road

Building on the recent upgrades to Thompsons, O'Shea and Narre Warren-Cranbourne roads

Providing easier and safer access to the Princes Freeway

Improving traffic flow and reducing congestion to get you home sooner and safer

## Project timeline

- 
**2023**  
 Planning and design
- 
**Early 2024**  
 Utility relocations start
- 
**Mid 2024**  
 Construction contract awarded
- 
**Late 2024**  
 Major construction starts
- 
**Late 2027**  
 Project completed
