

# Day and night works in Bulleen

Works Notification  
June 2025

We're working on both sides of Bulleen Road as tunnelling continues on North East Link.

## What we'll be doing

Activities to support tunnelling works will take place 24 hours a day, seven days a week. During this time, we'll aim to minimise noise and light impacts away from your property as much as possible.

| Where   | Activity   | What to expect   |
|---|--|--|
| Bridge Street, Manningham, Bulleen and Templestowe Roads, Bulleen | <ul style="list-style-type: none"><li>– Continue tunnel wall and ramp construction, including excavation</li><li>– Relocating underground and overhead services including pavement cutting and surface works</li><li>– Monitoring boreholes to further investigate ground conditions</li><li>– Pouring concrete during the day and night to build the tunnel walls</li><li>– Vegetation maintenance</li></ul>  | <ul style="list-style-type: none"><li>– 24/7 works to support tunnelling activities</li><li>– Additional trucks entering and exiting the worksites</li><li>– Noise, vibration and dust from construction activities with continuous mitigations in place</li><li>– Pedestrian detours around our worksites</li><li>– Occasional odours from deep excavation works</li><li>– Lane closures during the day and night</li></ul> |
| Manningham worksite – TBM retrieval box                           | <ul style="list-style-type: none"><li>– Continue tunnel wall and ramp construction, including excavation</li><li>– Foundation works for the Motorway Control Centre, including piling</li><li>– Operating a concrete plant on site</li><li>– Operating a tower crane at night to support tunnelling works</li><li>– Ongoing mined tunnelling works</li><li>– Relocating underground and overhead services including pavement cutting and digging at surface</li><li>– Monitoring boreholes to further investigate ground conditions</li><li>– Occasional late delivery of construction materials and oversize equipment</li><li>– Pouring concrete during day and night to build the tunnel walls</li><li>– Construction of cross passage tunnels including the excavation and breakthrough of existing concrete walls underground</li></ul> | <ul style="list-style-type: none"><li>– 24/7 works to support tunnelling activities</li><li>– Trucks entering and exiting the worksites</li><li>– Noise, vibration and dust from construction activities with continuous mitigations in place</li></ul>  |

| Where  | Activity   | What to expect   |
|--|--|--|
| Bulleen Road – from Manningham worksite to Trinity Grammar School, Bulleen   | <ul style="list-style-type: none"> <li>– Relocating underground services including pavement cutting and non-destructive digging</li> <li>– Monitoring boreholes to further investigate ground conditions</li> <li>– Vegetation maintenance</li> </ul>  | <ul style="list-style-type: none"> <li>– 24/7 works to support tunnelling activities</li> <li>– Lane closures at night</li> <li>– Noise, vibration and dust from construction activities with continuous mitigations in place</li> <li>– Pedestrian detours around our worksites</li> </ul>  |
| Bulleen Road worksites - Trinity Grammar School, Marcellin College, Bulleen Park Oval, Carey Bulleen Sports Complex and Veneto Club, Bulleen | <ul style="list-style-type: none"> <li>– Continue tunnel base and roof construction, including excavation</li> <li>– Earthworks including removing and replacing dirt</li> <li>– Ongoing mined tunnelling works</li> <li>– Piling and constructing foundations for the Yarra Link Green Bridge</li> <li>– Overnight delivery of construction materials and oversize equipment</li> <li>– Drilling boreholes to further investigate ground conditions</li> <li>– Building cross passage between tunnel for emergency access underground</li> <li>– Construction of the new permanent Bulleen Road lanes, including the new Bulleen Park Access and Bulleen Road intersection</li> </ul> | <ul style="list-style-type: none"> <li>– 24/7 works to support tunnelling activities</li> <li>– Trucks entering and exiting the worksites</li> <li>– Lane closures during the day and night</li> <li>– Traffic management at Bulleen Park Access Road, with access restricted to left in, left out</li> <li>– Noise, vibration and dust from construction activities with continuous mitigations in place</li> </ul> |

## Overnight deliveries

We'll be delivering large pre-cast panel beams that will form part of the southern ventilation structure and roof of the tunnel.

Deliveries will occur between 11pm and 5am Mondays to Fridays, with up to six deliveries each night.

Most deliveries will enter from Manningham Road and Bulleen Road before entering our work site via the Marcellin and Manningham Hotel & Club access road.

The northbound lanes on Bulleen Road will remain open at all times. Short-term delays of up to 10 minutes on Bulleen Road southbound may be experienced during each delivery as external pilot vehicles and traffic management safely guide the beams onto the site.

## Managing construction impacts

Throughout our works, you may experience noise, light, dust, and vibration. We manage these impacts through real time monitoring, water carts and street sweepers, targeted lighting, and reducing noise and vibration within the construction zone.

You may notice workers on local streets capturing photos as part of our ongoing management of these impacts. We do this in conjunction with our modelling to ensure we have an accurate understanding of how these impacts may be felt in different areas. We will notify you before capturing any photos that include your property and we are happy to provide these photos upon request.

You may also see workers machinery in place, in and around construction areas, workers completing surveys in local streets and an increase of trucks removing dirt from our worksites.

---

To stay safe, please follow all instructions from signage and traffic controllers. We appreciate your patience and understanding throughout these works.

## Track our TBMs

Our TBMs are powering ahead, excavating the North East Link Tunnels from Watsonia to Bulleen. Both TBMs will take planned breaks throughout their journey from Watsonia to Bulleen to undertake regular maintenance.

You can track their progress at [bigbuild.vic.gov.au/projects/north-east-link/construction/tunnel-works/tunnel-boring-machines-tracker](https://bigbuild.vic.gov.au/projects/north-east-link/construction/tunnel-works/tunnel-boring-machines-tracker).

## Bulleen Park Sports Upgrade Works

A temporary car park is now open with 151 car spaces. Next month crews will begin working on the existing soccer pitches to create the first new AFL/cricket oval and pavilion.

During these upgrades, one pavilion and two ovals will be maintained at all times.

Find out more: <https://bigbuild.vic.gov.au/projects/north-east-link/community/sports/completed-upgrades/bulleen-park>

## Eastern Freeway Upgrades

We're preparing to open a new elevated section of Bulleen Road between the Eastern Freeway and Carey Sports Complex. Crews are completing the top deck of the bridge which will be ready for traffic in July.

Works between Burke and Tram roads on the Eastern Freeway, will include building the foundations of structures at Bulleen Road interchange, as well as moving utilities and asphaltting new lanes. Expect lane closures, speed reductions and occasional ramp closures.

Information about noise wall designs for the Eastern Freeway Upgrades between Burke and Tram roads is now available in our fact sheet: [https://bigbuild.vic.gov.au/library/north-east-link/fact-sheets/project-overview/new-and-upgraded-noise-walls-for-the-eastern-freeway/\\_nocache](https://bigbuild.vic.gov.au/library/north-east-link/fact-sheets/project-overview/new-and-upgraded-noise-walls-for-the-eastern-freeway/_nocache)

You can visit us too at the Project Information Centre at 284 Doncaster Road, Balwyn North.

Schedule is subject to change. Visit [northeastlink.vic.gov.au/works](https://northeastlink.vic.gov.au/works) for schedule changes.
