

Monash works update

October – November 2026

Works are underway in Monash to deliver Suburban Rail Loop (SRL) East for Melbourne and Victoria.

What we are doing

Day works

7am – 6pm Monday to Friday
and 7am – 1pm Saturday

24-hour works

7am – 7am Monday to Sunday

Where	When	What we are doing	What to expect
SRL worksite on Howleys Road, Notting Hill	 Ongoing	— Site establishment — Site investigations — Safe removal of hazardous material, if found — Preparing station site for excavation — Installing large equipment — Installing steel strutting — Ground improvement works, including jet grouting — Excavating the station site	— 24-hour works — Intermittent overnight deliveries — Increased truck movements — Moderate levels of noise, vibration and dust
Howleys Road, Notting Hill	 Ongoing	— Site investigations — Site maintenance — Road modifications	— Changed traffic conditions including intermittent lane and road closures — Traffic management and pedestrian detours — Moderate levels of noise, vibration and dust — Increased truck movements — On-street parking space closures
Normanby Road, Notting Hill	 Ongoing	— Site establishment — Site maintenance — Road modifications	— Changed traffic conditions including intermittent lane and road closures — Footpath closures with pedestrian detours in place

Note: Timing of works may change due to weather or ground conditions.

Impacts

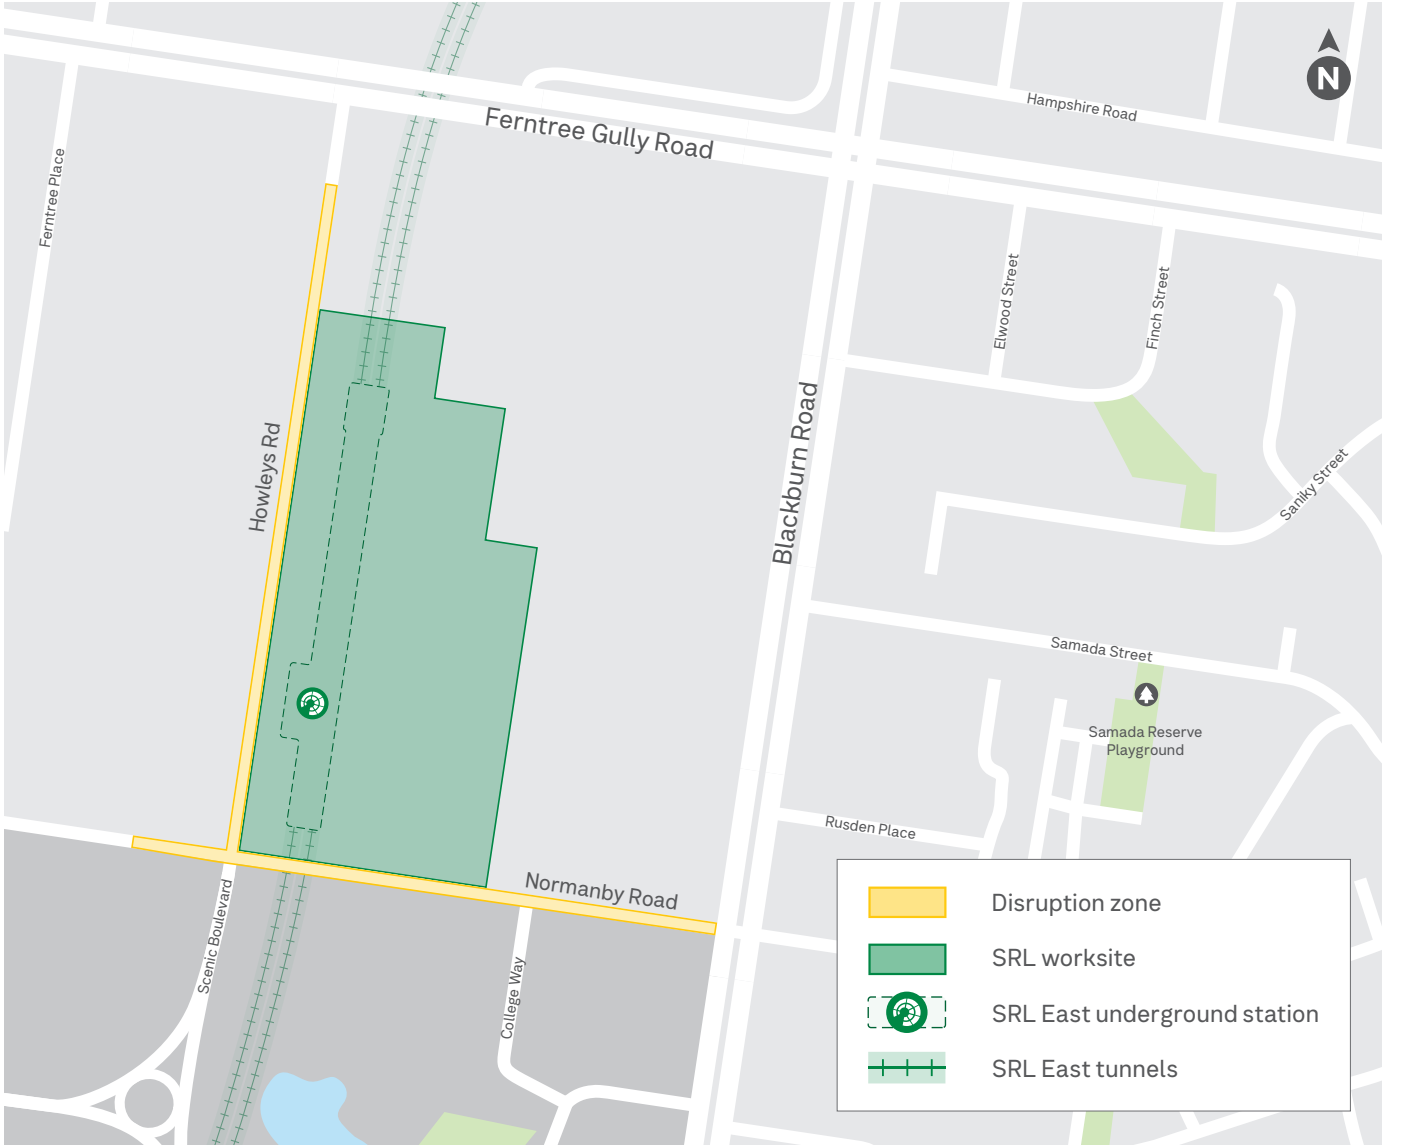

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

Oversized deliveries

There will continue to be large equipment and machinery delivered to the Monash worksite. Most deliveries can be moved on a normal truck load during the day, however there will be some oversize loads delivered and unloaded at night to reduce traffic impacts.

Additional short-term traffic changes will be in place around the Monash area as we complete site investigation works.

How we will manage our works

We will minimise impacts to the community by:

- Maintaining access to businesses during businesses hours, with help from traffic controllers where required
- Staging works along Howleys Road and Normanby Road to minimise traffic disruption
- Installing road safety and detour signage
- Notifying bus stop disruptions at the impacted stops ahead of time
- Transporting materials from site in covered trucks to minimise dust
- Positioning equipment as far as possible from businesses and residents and turning it off when not in use
- Safely removing hazardous materials in accordance with regulations
- Monitoring noise, dust and vibration levels.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Monash.
