This drawing has been prepared by, or compiled from information provided by, persons other than PTV. To the maximum extent permissible by law, PTV takes no responsibility and makes no representations in relation to the completeness, accuracy or quality of any information contained in this drawing. Each user of this drawing releases PTV from all and any loss, damage, cost, expense or liability in relation to the use of, or any reliance on, this drawing or the information contained in it.

All written dimensions take precedence over scaled dimensions.

This drawing is provided only for the information of the person or organisation to whom PTV provides it. It may not be provided to, or used by, any other person without PTV's prior written consent.
Proposed modification to the reinstatement works to achieve DDA Compliancy:

- Risers increased to 150mm to achieve 1:40 grade (previously 1:19)
- TGSI to achieve luminance contrast req. (previously SS buttons in bluestone)
- Introduction of stone nosing to tread to improve life expectancy (previously painted yellow)
- Western edge handrail realigned to new station portal wall
