Dynon Road Bridge Works

The West Gate Tunnel Project is beginning important construction along the Dynon Road Bridge vicinity mid-May.

This work is crucial to facilitate and strengthen the bridge's widening, which will ultimately create a safer path separating vehicles from people traveling along Dynon Road to North Melbourne.

What to expect and when

From **Monday 15 May**, our crews will begin early works to demolish segments of the pedestrian footpath along Dynon Road Bridge, ahead of further major works happening from June.

This work will happen nightly from **Monday 15 May to Tuesday 23 May 2023**. Please be aware that these works are separate to the Dynon Road pedestrian footpath closure, which was distributed on Friday 21 April 2023. For more information on this please visit our Big Build website.

If the weather is poor, or there are any unexpected events, we may need to reschedule these works.
