

Works notice

Overnight road resurfacing St Kilda Road

8pm Tuesday 5 December to 6am Friday 8 December 2023

Following on from our works notice distributed Tuesday 20 November 2023, we are rescheduling some works for re-asphalting the southbound lanes of St Kilda Road between the Anzac Station tram stop and Toorak Road.

Due to the recent wet weather and the upcoming wet weather forecast, the overnight road works on St Kilda Road and Toorak Road will now extend into the following week. Some previously notified works will still take place between 26 November and 2 December, however some other works need to be rescheduled to take place from Tuesday 5 to Friday 8 December 2023.

What we are doing

- Rescheduling the following works to Tuesday 5 to Friday 8 December:
 - o Resurfacing the southbound St Kilda Road road surface between the Anzac Station tram stop and Toorak Road
- Closing the St Kilda Road southbound lane between Dorcas Street and Toorak Road each night
- Road resurfacing works on St Kilda Road involve removing the existing road surface and laying new asphalt by using profilers, pavers, compaction rollers, line marking machines and upgrading the traffic light system
- Setting up work areas on St Kilda Road
- Reopening St Kilda Road each morning by 5am
- Working from 8pm to 6am, each night until Friday morning.

What to be aware of

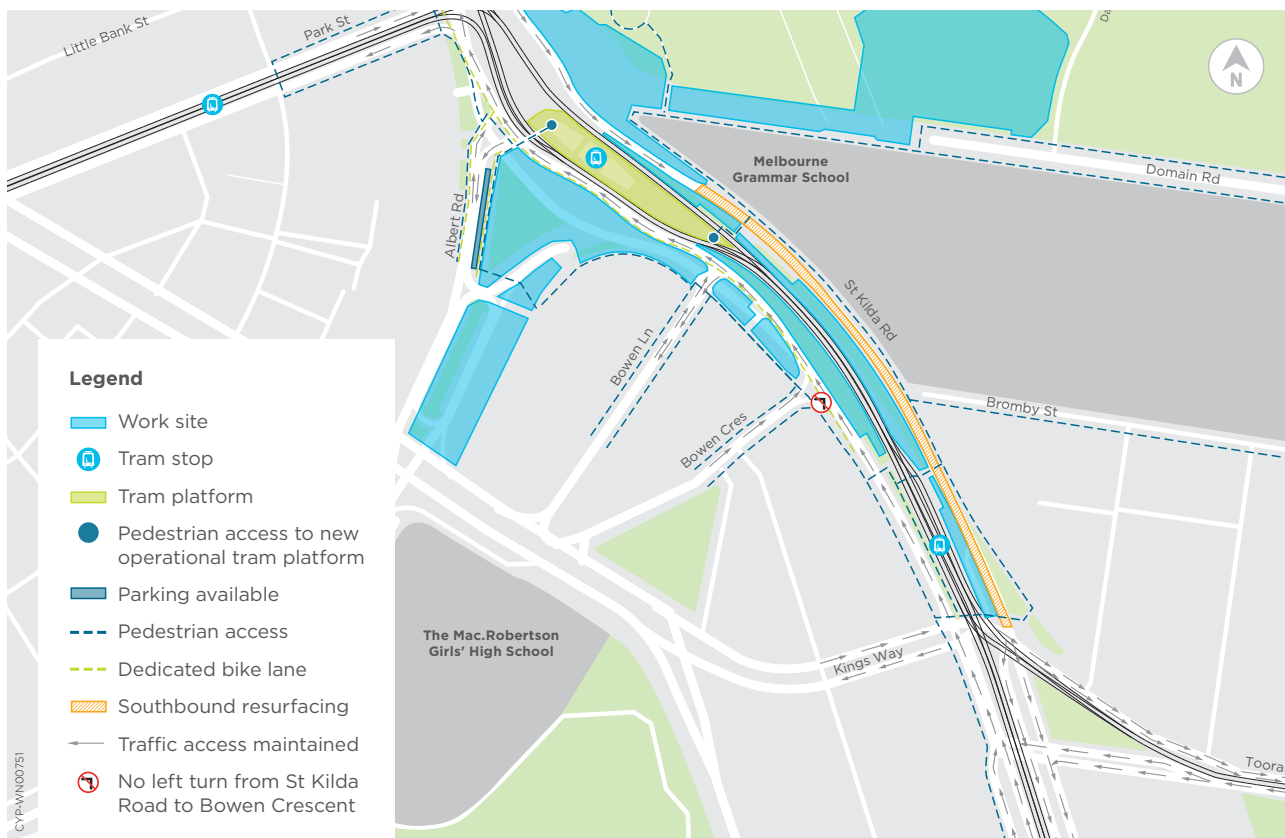

- Detours will be in place during the closure of St Kilda Road:
 - o Detour to South Yarra from City via Dorcas Street and Kings Way
- These works are expected to generate periods of high levels of noise associated with removal of the existing road surface.

When

- These works will take place overnight, 8pm to 6am, from 8pm Tuesday 5 December to 6am Friday 8 December 2023
- Due to the nature of these works, progress may be impacted by weather conditions. Progress permitting, we may complete works ahead of schedule. We will let you know of any impacts to works and changes in times or dates.
