3. Use the Chat button if you need assistance during the session
4. Use the Raise Hand button to ask a question
5. Or type a question using the Q&A button

About us

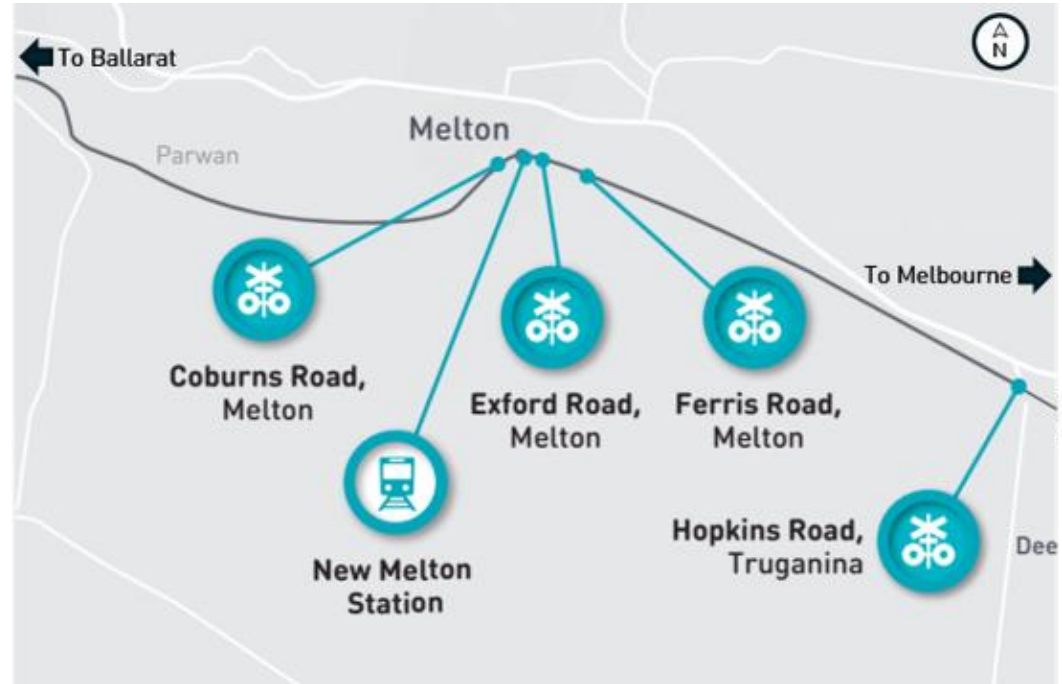

Melton level crossing removal project

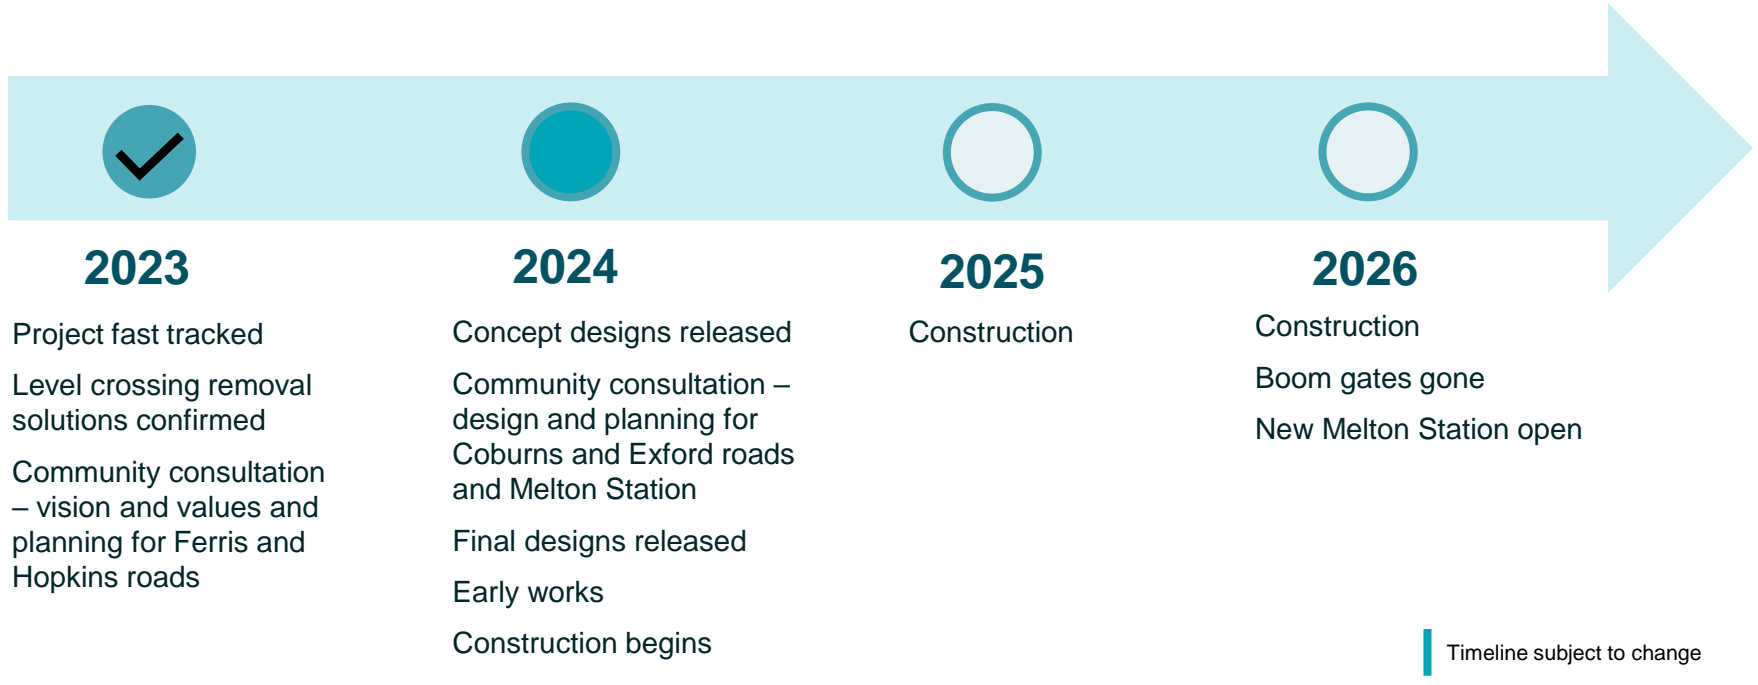

We're removing four dangerous and congested level crossings to make Melton boom gate free.

We're also building a new Melton Station.

All the boom gates will be gone and the new Melton Station open in 2026.

Project timeline

Community consultation

1. Vision and values – 2023

We start by asking how locals move around the area and what's important.

2. Concept designs – 2024

We've released concept designs and asked for feedback. Community will have the opportunity to refine the designs.

3. Updated designs – 2024

We'll share final designs, shaped by local feedback.

4. Construction – 2024 to 2026

We work with the local community and businesses to help manage disruptions.
