

Works notice

Paver renewal works and Flinders Street footpath closure

Flinders Street, Melbourne

11 September to late September 2024

Due to paver renewal works, a section of the northern Flinders Street footpath will temporarily close from 8pm to 6am until late September.

When we'll be working

- From **11 September to late September 2024**
- These works will take place from **8pm to 6am, Monday to Friday**, to minimise pedestrian and business impacts.

The timing of work may change depending on weather.

What we'll be doing

- Establishing a site on the northern Flinders Street footpath, directly west of Degraves Street, using temporary fencing and bollards
- Removing existing bluestone pavers along the northern Flinders Street footpath, pouring a new concrete slab, placing crushed rock, and installing new pavers
- Works will involve the use of a small excavator, forklift, bin and small truck.

What to be aware of

- The northern Flinders Street footpath will be closed during these works, from Degraves Street towards Elizabeth Street, from 8pm and 6am until late September
- A pedestrian detour will be in place via the southern Flinders Street footpath and existing Flinders Street pedestrian crossings
- Access to local businesses and buildings will be maintained by traffic control during opening hours
- During the day, the footpath will reopen to the public and will be slightly narrowed
- Traffic management and wayfinding will be in place to manage the closure
- These works are expected to generate medium levels of noise, with intermittent periods of high-level noise associated with paver removal.

We appreciate your patience while we undertake these works. If you have any questions or concerns, please contact the Metro Tunnel Project information line on **1800 105 105**.
