

**REGIONAL
RAIL REVIVAL**

GIPPSLAND

DRAFT

Signalling night works

Drouin to Traralgon

November 2024

VICTORIA'S BIG BUILD

We are installing new signalling infrastructure along the rail line as part of the Gippsland Line Upgrade.

When we'll be working

Works will take place **Monday 25 November to Thursday 28 November from 9pm to 4am** while trains aren't running on the line.

The timing of work may change depending on weather and ground conditions.

What we'll be doing.

We will be upgrading signalling infrastructure and completing enabling works within the rail corridor between Drouin and Traralgon.

These works will take place at night to minimise disruption to train services.

There will be an increase in heavy machinery, vehicles and workers within the area, so please observe all safety signage in place.
