-  Road closed
-  Intersection closed
-  Bus stop closed
-  Bus stop open
-  Disruption zone
-  SRL worksite
-  SRL East tunnel alignment
-  SRL underground station

## Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

## How we will manage our works

We will minimise impacts to the community by:

- Access to businesses will be maintained during businesses hours, with help from traffic controllers where required
- Pedestrian detours in place
- Keeping Ferntree Gully Road open on Saturday and Sunday nights
- Staging works along Howleys Road and Normanby Road to minimise traffic disruption
- Transporting materials from site in covered trucks to minimise dust
- Installing road safety and detour signage
- Positioning equipment as far as possible from businesses and residents and turning it off when not in use
- Safely removing hazardous materials in accordance with EPA regulations
- Monitoring noise, dust and vibration levels.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Monash.

To receive SRL East works reminders via SMS text **MONASH** to **0429 469 592**
