

Works notice

Westbound traffic changes

Flinders Street

From 29 January 2025

As previously advised, works at the Federation Square site throughout 2025 will include removal of the acoustic shed, construction of the station entrance and reinstatement of community space. These works require a closure of Flinders Street westbound between Swanston and Degraves streets until the end of the year. To set up this long-term arrangement, Flinders Street westbound will be fully closed between Russell and Degraves streets at certain times during the first week.

This long-term arrangement allows a crane to be positioned on Flinders Street, outside Federation Square, to bring down the shed and build the station entrance.

First week arrangements

During these times:

- 7am 29 January to 5am 30 January
- 9pm to 5am on 30, 31 January and 3, 4, 5 February

The following arrangements will be in place:

- Flinders Street westbound will be fully closed between Russell and Degraves streets
- Road users will need to detour using Collins Street to continue westbound
- Road users wishing to head southbound on St Kilda Road should consider Queens Bridge Street or Batman Avenue
- The pedestrian crossing between St Paul's Cathedral and Federation Square will be closed

At all other times during this week:

- Flinders Street westbound between Russell and Swanston streets will be reduced to one lane for left-hand turns onto St Kilda Road only
- Flinders Street westbound will be closed between Swanston and Degraves streets
- The pedestrian crossing between St Paul's Cathedral and Federation Square will be open

Long-term arrangements

From 6 February, the following arrangements will be in place until the end of the year:

- Flinders Street westbound between Russell and Swanston streets will be reduced to one lane for left-hand turns onto St Kilda Road only
- Flinders Street westbound will be closed between Swanston and Degraves streets
- Road users wishing to continue westbound beyond Swanston Street will need to detour at or before Russell Street and use other routes such as Collins Street to continue their journey

- There will be no long-term changes to how pedestrians move around the area
- Parking on Flinders Street westbound will be unaffected.

We appreciate your patience while we undertake these works. If you have any questions or concerns, please contact the Metro Tunnel Project information line on **1800 105 105**.
