

Mount Waverley works update

September 2025

Works are underway in Mount Waverley to deliver Suburban Rail Loop (SRL) East for Melbourne and Victoria.

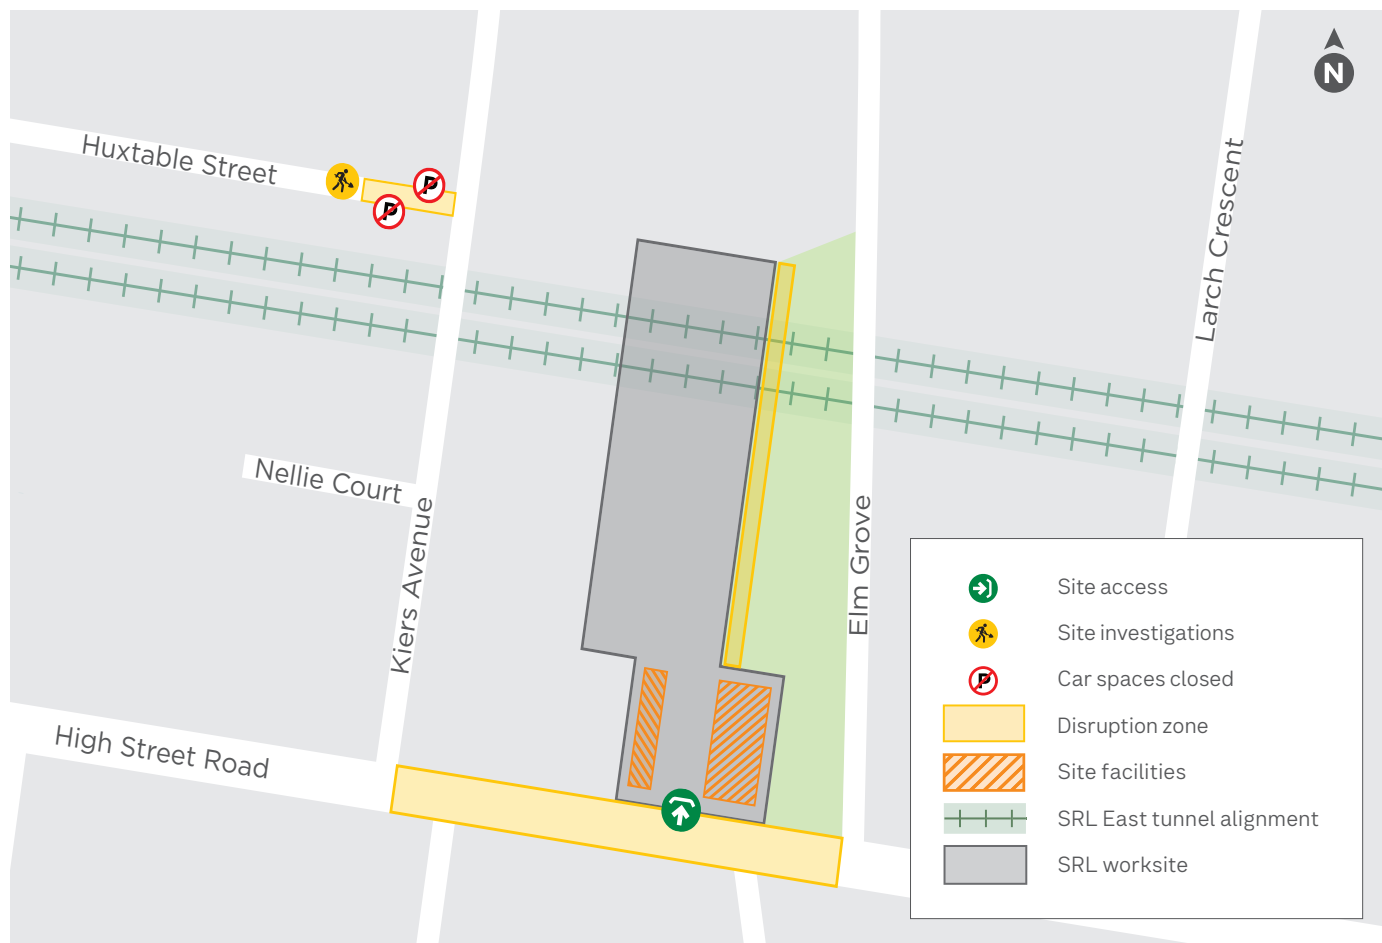

What we are doing

 **Day works** 7am – 6pm Monday to Friday and 7am – 1pm Saturday

The following works will be carried out during September.

Where	When	What we are doing	What to expect
Emergency support facility site, Mount Waverley	 Ongoing until October 2025	<ul style="list-style-type: none"> — Site establishment including: <ul style="list-style-type: none"> — Removing trees and vegetation — Earthworks — Concreting activities — Setting up site offices — Installing fencing and hoarding — Safely removing hazardous material, if found — Preparing for piling work: <ul style="list-style-type: none"> — Transporting construction machinery to site 	<ul style="list-style-type: none"> — Traffic management in place — Medium to high levels of noise, dust and vibration — Workers, machinery and vehicles at the site
High Street Road, Mount Waverley	 From early-September for up to four weeks	<ul style="list-style-type: none"> — Installing temporary traffic signage 	<ul style="list-style-type: none"> — Intermittent lane closures between Kiers Avenue and Elm Grove between 9.30am and 3pm weekdays
Huxtable Street, Mount Waverley	 From 1 September for up to one week	<ul style="list-style-type: none"> — Site investigations 	<ul style="list-style-type: none"> — Traffic management in place — Up to six car spaces closed

Note: Timing of the works may change due to weather or ground conditions.

Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction. The project supports businesses and residents to continue to live, work, study and shop in their community. Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

How we will manage our works

We will minimise impacts to the community by:

- Accessing site via the existing gate at High Street Road only
- Installing road safety and detour signage
- Transporting materials from site in covered trucks to minimise dust
- Maintaining access to homes and businesses
- Installing fencing and hoarding to reduce construction noise
- Using street sweepers to keep roads clean
- Using water and dust suppressants
- Monitoring noise, dust and vibration levels
- Positioning equipment as far as possible from residential properties and turning it off when not in use
- Putting environmental controls in place
- Scheduling works to minimise impacts.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Mount Waverley.
