

Communication from VIDA

No. 3/2025

Labour hire licensing

VIDA has been working closely with the Victorian Labour Hire Authority, and reminds its contractors of the requirement for labour hire providers in Victoria to hold a licence under the *Labour Hire Licensing Act 2018*.

The Labour Hire Authority has recently updated its website to include:

- updates regarding current enforcement actions in relation to businesses in the construction industry – see [Construction industry](#)
- a new function (*Follow my providers*) to check and follow the status of a labour hire provider and receive notifications of updates – see [Check a provider's licence status](#)

VIDA encourages its contractors to make use of these resources to confirm the status of existing and potential labour hire providers.
