

Burwood works update

October and November 2026

Works are underway in Burwood to deliver Suburban Rail Loop (SRL) East for Melbourne and Victoria.

What we are doing

 **24 hour works** Monday to Sunday

The following works will be carried out during October and November 2026.

Where	When	What we are doing	What to expect
SRL site compound	 Ongoing	— Building structures — Excavating the northern tunnel boring machine (TBM) launch site — Excavating the SRL Burwood station box — Tunnelling works — Building the northern acoustic shed	— Medium to high levels of noise, dust and vibration — Light spillage
Burwood Highway, Burwood	 Ongoing until mid 2027	— Gate modification works — Building the northern acoustic shed and conveyor system	— Westbound lane closure between Cumming Street and McIntyre Street at times — Pedestrian detours — Low to medium levels of noise, dust and vibration

Traffic disruptions are subject to change due to conditions outside of our control, please visit bigbuild.vic.gov.au/disruptions to get the latest available information.

Tunnelling has started

Tunnel boring machine (TBM) Alice is now heading towards Glen Waverley with TBM Hacia also in the ground and ready to follow soon. While this is underway, we're excavating a second launch site near Burwood Highway to allow TBMs Elizabeth and Bich-Cam to start tunnelling towards Box Hill in 2027.

Impacts

As with all major infrastructure projects, surrounding communities may experience some impacts during construction.

The Project supports businesses and residents to continue to live, work, study and shop in their community.

Please contact us on **1800 105 105** to discuss support available if you are impacted by our works.

How we will manage our works

We will minimise impacts to the community by:

- Maintaining access to businesses and homes
- Transporting materials from site in covered trucks to minimise dust
- Installing road safety and detour signage
- Building acoustic sheds to minimise noise and dust from construction activities
- Monitoring noise, dust and vibration levels
- Using water and dust suppressants
- Safely removing hazardous materials in accordance with regulations.

Thank you for your patience and cooperation as we progress the delivery of SRL East at Burwood.
