

10 September 2021

Works within the rail corridor

Constructing activities, including piling, will be undertaken within the E-Gate Precinct in the rail corridor in West Melbourne to facilitate construction of the new bridge from Dynon Road to Wurundjeri Way.

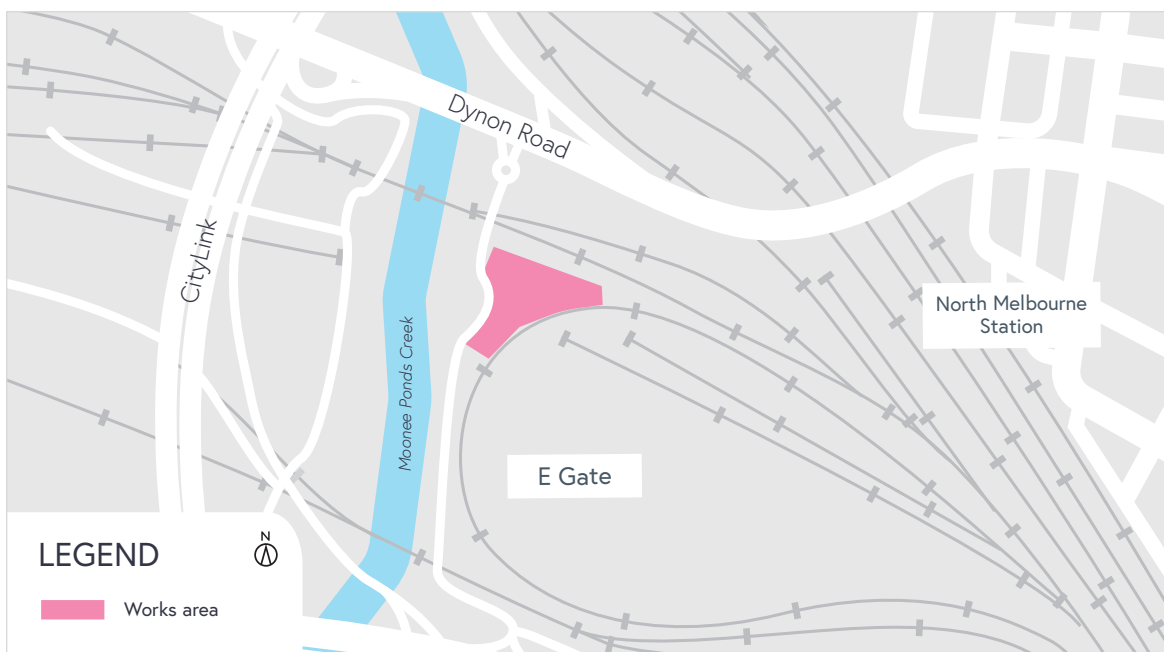

The works will be completed across the day and night in the rail corridor, while trains are not running. There will be no impact to passenger services due to these works.

What to expect and when

These works have been planned to minimise any impacts on the local community. We don't expect noise from the work to be disruptive.

We will be monitoring the works to maintain acceptable noise levels over their duration.

| | Impact | Date |
|---|--|------------------------|
|  | Occasional day and night work noise. <i>We expect noise to be low and non-disruptive.</i> | 17 – 19 September 2021 |
|  | Occasional nightwork lighting. <i>Lighting will be angled away from residences wherever possible during nightworks.</i> | 17 – 19 September 2021 |

Hours of work

These works will be done during the day and at night, from 11:00pm Friday 17 September, until 7:00pm Sunday 19 September.

Piling will commence from 11:00pm on Friday 17 September and will continue intermittently for four to six hours.

If the weather is poor, or there are any unexpected events, we may need to reschedule these works.

Thank you

We appreciate our work can be disruptive and thank you for your understanding.

To learn more about the impacts, or if you have any concerns once the construction activities have commenced, please give the team a call on 1800 105 105 or email us on info@wgta.vic.gov.au
