Works notice

Permanent parking removal
St Kilda Road, between Bromby Street and Toorak Road

Thursday 25 May 2023

As previously notified, the St Kilda Road on-street parking between Bromby Street and Toorak Road will begin to be permanently removed from 25 May 2023.

What we are doing

— Permanently removing car permanent parking on St Kilda Road southbound between Bromby Street and Toorak Road

— Asphalting adjacent to the kerb and changing traffic line marking

— Realigning traffic into the existing parking lane.

What to be aware of

— Parking will be removed progressively and only as required

— The first stage of parking removal will take place in front of the Royce Hotel

— Once this first stage parking is removed and traffic adjusted, works will commence to construct the inner road lane

— Once complete, traffic will switch to the inner road lane and works will commence on the new separated bike lane

— The second stage of permanent parking removal will commence in July and will require some short term driveway closures. Further advice will be provided closer to the date

— Australia Post has reached an agreement with City of Melbourne to reallocate one parking bay in Arnold Street as a mail zone, to facilitate collection from the post boxes on St Kilda Road once parking is removed

— Stage three of the permanent parking removal is on the northbound side of St Kilda Road, between Toorak Road and Bowen Crescent. These works will commence in August to construct the new separated bike lanes. Further advice will be provided closer to the date.

When

— Works will commence from Thursday 25 May 2023

— Works will take place during normal construction hours, from 7am to 6pm, Monday to Friday and 7am to 1pm, Saturdays.

Further information on these works can be found at **metrotunnel.vic.gov.au**
