

PROJECT OVERVIEW

MICKLEHAM ROAD UPGRADE – STAGE 2

MARCH 2026

We're upgrading Mickleham Road between Dellamore Boulevard and Craigieburn Road, Yuroke to make your journey safer and more reliable.

As part of the upgrade we'll:

Add traffic lights at the Mickleham Road and Dunhelen Lane and Cookes Road intersections

Add extra lanes, increasing Mickleham Road to three lanes in each direction

Build walking and cycling paths

Status

A business case has been completed, which examined the upgrade in detail to recommend a design and identify the best delivery approach.

Construction timelines will be confirmed once planning and environmental approvals are further progressed.

Next steps

Planning work is continuing, as the upgrade moves towards construction. Key activities include:

- detailed on-site environmental investigations to further understand flora and fauna which might be impacted by the upgrade
- preparing a Cultural Heritage Management Plan – to outline measures to ensure Aboriginal cultural heritage is recognised and safeguarded
- refining the upgrade's design
- on-site investigations including identifying underground utilities, testing ground conditions, drainage and flood modelling
- appointing a construction partner.

Benefits

The upgrade will:

-  Enhance the benefits from the Mickleham Road Upgrade – Stage 1

-  Enhance the benefits from the Craigieburn Road Upgrade

-  Improve road safety

-  Reduce conflict points at key intersections along the road

-  Reduce congestion and improve travel times

-  Boost road capacity and cater for population growth and increased vehicle movements

-  Make it easier and safer to walk and cycle in the area.

Project timeline

-  **Late 2022**
Planning work commenced
-  **2024**
Business case complete
-  **April 2025**
The Australian and Victorian governments committed \$250 million for the upgrade
-  **Ongoing**
Planning work continues
